RKLT Safeguarding Policy

1. Introduction

The purpose of this policy is to ensure:

- There is a whole school approach to safeguarding which enables Oatlands Junior School to be a safe a place to learn and work.
- All staff understand their statutory safeguarding responsibilities and are confident to carry out their duties.
- Appropriate action is taken in a timely manner to safeguard and promote children's welfare.
- Children and young people who attend Oatlands Junior School are protected from harm and appropriate action is taken so that pupils receive the right help at the right time.

This policy applies to all staff (including supply and peripatetic staff), volunteers, Members, Trustees, Governors, or anyone working on behalf of Oatlands Junior School.

2. Legal Framework

This policy is based on the Department for Education's statutory guidance, [Keeping children safe in education - 2025](#), Working together to safeguard children 2023 (2018) and Governance Handbook (2020). It is also based on relevant legislation, policy and guidance that seeks to protect children in England. This includes:

- [The Rehabilitation of Offenders Act 1974](#)
- Human Rights Act 1998
- Section 175 of the Education Act (2002)
- Female Genital Mutilation Act 2003
- The school's duty under the Children Act 2004 to co-operate with other organisations and agencies [more information about this is available from the Information Commissioner's Office: [ico.org.uk/for organisations](http://ico.org.uk/for-organisations)]
- [Safeguarding Vulnerable Groups Act 2006](#)
- [The School Staffing \(England\) Regulations 2009](#)
- Equality Act 2010
- Public Sector Equality Duty
- Education Regulations (2014)
- Prevent Duty Guidance for England and Wales (2015)
- [Information sharing advice for practitioners providing safeguarding services for children, young people, parents and carers 2024](#)
- Data Protection Act (2018)
- Guidance for safer working practice for those working with children and young people in education settings (2022)
- [Teacher's Standards](#)
- Behaviour in schools Advice for headteachers and school staff (2022).
Behaviour in schools Advice for headteachers and school staff (2024)
- [Working together to improve school attendance \(Aug 2024\)
\[https://assets.publishing.service.gov.uk/media/66bf300da44f1c4c23e5bd1b/Working together to improve school attendance - August 2024.pdf\]\(https://assets.publishing.service.gov.uk/media/66bf300da44f1c4c23e5bd1b/Working_together_to_improve_school_attendance_-_August_2024.pdf\)](https://assets.publishing.service.gov.uk/media/66bf300da44f1c4c23e5bd1b/Working_together_to_improve_school_attendance_-_August_2024.pdf)
- Working Together to Safeguard Children (2023)
- Early Years Foundation Stage (EYFS) Safeguarding reforms (2025)

It is also in line with:

- [NYSCP Safeguarding Procedures and Practices](#)
- [What To Do If You Are Worried A Child Is Being Abused \(2015\)](#)
- Recommendations from national and local Serious Case Reviews
- DfE guidance relating to COVID 19

This policy also complies with our funding agreement and articles of association.

3. Supporting Documents

- This policy should be read alongside our organisational policies, procedures, guidance, and other related documents. These include;
- [RKLT - Attendance Policy - 2024-2025](#)
- Attendance and Punctuality.
- Behaviour
- Bullying
- [RKLT Complaints and Concerns Policy - 2024-2025](#)
- [Data Protection Policy - December 2023.pdf](#)
- Designated teacher for looked-after and previously looked-after children.
- [Equality](#)
- [Health and Safety](#)
- Relationship and Sex Education.
- SEND
- Staff Code of Conduct
- Disciplinary Policy
- [Whistleblowing](#)
- North Yorkshire model safeguarding policy

4. Policy Statement

We believe that:

- Children and young people should never experience abuse of any kind and all children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse.
- Everyone working for Oatlands Junior School has responsibility to promote the welfare of all children and young people, to keep them safe and to practise in a way that protects them.
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.

We recognise that:

- The welfare of children is paramount in all the work we do and in all the decisions we take.
- We have a responsibility to promote the welfare of all children and young people, to keep them safe and to practise in a way that protects them.
- Safeguarding and promoting the welfare of children is everyone's responsibility.
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.

- Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs (SEN) or disabilities.
- Are young carers.
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality.
- Who have previously been known to social care
- Have English as an additional language.
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence.
- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation.
- Are asylum seekers.
- Are at risk due to either their own or a family member's mental health needs.
- Are looked after or previously looked after.

Extra safeguards may be needed to keep children who are additionally vulnerable safe from abuse.

We are committed to:

- A whole school approach to safeguarding, which underpins all aspects of school life.
- Safeguarding and promoting the welfare of all Pupils.
- Working with 'professional curiosity' and an attitude that 'it could happen here'.
- Practice that is child-centred, considering, at all times, what is in the best interests of the child.
- Having effective procedures in place which ensure pupils receive the right help, at the right time.
- Playing a pivotal role in local safeguarding arrangements.
- A 'zero-tolerance' approach to harmful sexual behaviours, and child on child abuse.
- Ensuring all staff receive appropriate safeguarding and child protection training which is regularly updated.
- Providing suitably trained and experienced, specialist staff, including a Designated Safeguarding Lead, within the school
- An age-appropriate, preventative, spiral curriculum that effectively prepares pupils for life in modern Britain.
- Reviewing policy, procedure, and practice regularly.

We will seek to keep children and young people safe by:

- Valuing, listening to and respecting them.
- Involving them in decisions which affect them.
- Building children's resilience to radicalisation through a broad and balanced curriculum that promotes fundamental values and enables children to challenge extremist views.
- Appointing a nominated safeguarding lead for children and young people, a deputy, and a lead trustee/board member for safeguarding.
- Adopting child protection and safeguarding best practice through our policies, procedures, and code of conduct for staff and volunteers.
- Developing and implementing effective online safety and related procedures.

- Providing effective management for staff and volunteers through induction, supervision, support, training, and quality assurance measures so that all staff and volunteers know about, and follow, our policies, procedures, and behaviour codes confidently and competently.
- Recruiting and selecting staff and volunteers safely, ensuring all necessary checks are made.
- Recording, storing, and using information professionally and securely, in line with data protection legislation and guidance.
- Sharing information about safeguarding and good practice with children and their families through all our communication routes.
- Making sure that children, young people, and their families know where to go for help if they have a concern.
- Using our safeguarding and child protection procedures to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families, and carers appropriately.
- Using our procedures to manage any allegations against staff and volunteers appropriately.
- Creating and maintaining an anti-bullying and harassment environment and ensuring that we have a policy and procedure to help us deal effectively with any bullying and harassment that does arise.
- Ensuring that we have effective complaints and whistleblowing measures in place.
- Ensuring that we provide a safe physical environment for our children, young people, staff and volunteers, by applying health and safety measures in accordance with the law and regulatory guidance.
- Building a safeguarding culture where staff and volunteers, children, young people and their families, treat each other with respect and are comfortable about sharing concerns.

5. Definitions

To this policy, we will use the following definitions:

Child: As in the Children Acts 1989 and 2004, a child or young person is anyone who has not yet reached his/her 18th birthday. All Pupils in the Trust, including over-18s in Sixth Form, follow the remit of the Policy. Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

Safeguarding: This is the action that is taken to promote the welfare of children and protect them from harm.

This means:

- protecting children from abuse and maltreatment.
- preventing harm to children's health or development.
- ensuring children grow up with the provision of safe and effective care.
- taking action to enable all children and young people to have the best outcomes.
- providing help and support to meet the needs of children as soon as problems emerge
- protecting children from maltreatment, inside or outside the home, including online.

Child protection: This is part of the safeguarding process and refers to the activities undertaken that prevent children suffering, or being likely to suffer, significant harm. It focuses on protecting individual children identified as suffering or likely to suffer significant harm. This

includes child protection procedures which detail how to respond to concerns about a child.

Safeguarding Partners: Safeguarding partners will make arrangements to work together with appropriate relevant agencies to safeguard and promote the welfare of local children, including identifying and responding to their need.

The three partners are:

- Local Authority
- Integrated Care Systems (ICS)
- The chief officer of police for a police area in LA area.

The three statutory safeguarding partners have decided to allow all schools and colleges in the local area to be fully engaged, involved, and included in safeguarding arrangements. As a named relevant agency, we are under a statutory duty to co-operate with the published arrangements.

Please see Appendix 5 – North Yorkshire Safeguarding Children Partnership – Safeguarding & Child Protection Policy

Abuse: This is a form of maltreatment and may involve inflicting harm or failing to act to prevent harm.

Neglect: This is a form of abuse and is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

6. Identifying children and young people who are suffering or likely to suffer significant harm

Teachers and other adults in school are well placed to observe any physical, emotional, or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, pupils, parents, and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or school staff being alerted to concerns. We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. Therefore, all staff know of the safeguarding issues that can put children at risk as well as the signs of abuse, harm, and neglect. Harm can also include children witnessing the ill-treatment of others and that this is particularly relevant when children see, hear or experience domestic abuse and its effects.

a) Indicators of abuse, and neglect and exploitation

Abuse, neglect and exploitation are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family, teenage relationship or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, exposed to adultification or by another child or children.

i. Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also

be caused when a parent/carer fabricates the symptoms of, or deliberately induces, illness in a child.

ii. Emotional Abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say and how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

iii. Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in a sexually inappropriate way, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. Support for children who have been victim to sexual abuse can be found from [The Centre of Expertise on Child Sexual Abuse](#), which includes advice on safety planning and communicating with children and parents

iv. Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy because of maternal substance abuse. Once a child is born, neglect may involve parents/carers failing to:

- Provide adequate food, clothing, and shelter (including exclusion from home or abandonment).
- Protect a child from physical and emotional harm or danger.
- Ensure adequate supervision (including the use of inadequate caregivers).
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

b) Safeguarding issues

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for

the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

i. Child Sexual Exploitation (CSE)

We recognise that Child Sexual Exploitation (CSE) can happen in person or online. CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include non-contact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet.

CSE can occur over time or be a one-off occurrence, and may happen without the child's immediate knowledge e.g., through others sharing videos or images of them on social media. An abuser will gain a child's trust or control them through violence or blackmail before moving onto sexually abusing them. This can happen in a short period of time. An abuser may groom a young person by giving gifts, drugs, money, status, and affection. This is usually in exchange for the young person performing sexual activities. Key to identifying potential CSE is a change in behaviour, having money or items they cannot or will not explain, alcohol or drug misuse, sexually transmitted infections, being secretive.

CSE can affect any child, who has been coerced into engaging in sexual activities. This includes 16- and 17-year-olds who can legally consent to have sex. Some children may not realise they are being exploited e.g., they believe they are in a genuine romantic relationship.

The DfE provides the following supportive information contained in: [Child sexual exploitation: guide for practitioners](#)

ii. Child Criminal Exploitation (CCE)

We recognise that criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market, and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs.

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting, or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this type of exploitation as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims despite the harm they have experienced. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however professionals should

be aware that girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

iii. County Lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of “deal line”. This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store, and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.

Children can be targeted and recruited into county lines in several locations including schools (mainstream and special), further and higher educational institutions, pupil referral units, children’s homes and care homes.

Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.

Several of the indicators for CSE and CCE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who:

- go missing and are subsequently found in areas away from their home.
- unexplainable and/or persistent absences from education.
- have been the victim or perpetrator of serious violence (e.g., knife crime).
- are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs.
- are exposed to techniques such as ‘plugging’, where drugs are concealed internally to avoid detection.
- are found in accommodation that they have no connection with, often called a ‘trap house or cuckooing’ or hotel room where there is drug activity.
- owe a ‘debt bond’ to their exploiters.
- have their bank accounts used to facilitate drug dealing.

Further information on the signs of a child’s involvement in county lines is available in guidance published by the [Home Office](#).

NYSCP Guidance on Criminal Exploitation and County Lines is [here](#).

iv. Modern Slavery and the National Referral Mechanism:

Oatlands Junior School recognises that modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour, it can include sexual exploitation and the removal of organs. Trafficking is where children and young people are tricked, forced, or persuaded to be moved or transported and then exploited, forced to work or sold. Children are trafficked for sexual and criminal exploitation, benefit fraud, forced marriage, domestic slavery, forced labour, committing crime like theft, county lines. School will consider whether a referral to the National Referral Mechanism (NRM) should be undertaken to safeguard that child and/or other children. National NRM guidance available [here](#).

v. Extremism

To fulfil the Prevent duty, it is essential that staff can identify children who may be vulnerable to radicalisation and know what to do when they are identified. Protecting children from the risk of radicalisation is seen as part of schools' wider safeguarding duties and is similar in nature to protecting children from other harms (e.g., drugs, gangs, neglect, sexual exploitation), whether these come from within their family or are the product of outside influences.

- Radicalisation (Prevent strategy)
"The process by which a person comes to support terrorism and forms of extremism leading to terrorism."
- Extremism (Prevent strategy)
"Vocal or active opposition to fundamental Values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faith and beliefs."

vi. Female Genital Mutilation (FGM)

Female genital mutilation is a procedure where the female genitals are deliberately cut, injured, or changed, but there's no medical reason for this to be done.

vii. Mental Health

Mental health problems can be an indicator that a child has suffered or is at risk of abuse, neglect, or exploitation. This can have a lasting impact throughout childhood, adolescence and into adult hood.

viii. Child-on-child abuse

Including Sexual Violence and Harassment and Youth Produced Sexual Imagery (sexting)

Oatlands Junior School recognises that children can abuse their peers, that this can manifest itself in many ways and may reflect gender issues.

Sexual violence and sexual harassment involving children at the school is a form of child-on-child abuse. Sexual violence involves the criminal sexual offences defined in the Sexual Offences Act 2003. Sexual Harassment is defined as unwanted conduct of a sexual nature and can include online behaviour. Neither is acceptable nor will it be tolerated. Oatlands Junior School takes all such reports seriously and they will receive the same high standard of care that any other safeguarding concern receives. A multi-agency approach will be undertaken when responding to all such complaints; however, the school will always take immediate action to protect children despite the actions of any other agency. These actions may include an immediate risk assessment in respect of the needs of the child victim and will address any risks identified to any child in respect of an alleged perpetrator of sexual violence or sexual harassment to ensure children are protected from harm. Any risk assessment will be fluid and may change to reflect any developments during the management of the case.

Upskirting (which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm). As of April 2019, upskirting is now a criminal offence, with offenders facing up to 2 years in jail and being placed on the sex offenders' register.

Where there are concerns or allegations of child-on-child abuse, the procedures and guidance for staff if they suspect abuse of this policy will be followed, in the same way as if the matter was in respect of abuse by an adult.

ix. Serious violence

All staff should be aware of indicators, which may signal children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs. Serious violence may also include knife crime.

All staff should be aware of the associated risks and understand the measures in place to manage these. Advice for schools and colleges is provided in the Home Office's Preventing youth violence and gang involvement and its Criminal exploitation of children and vulnerable adults: county lines guidance.

x. Domestic Abuse

The Domestic Abuse Act 2021 received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims, if they see, hear or experience the effects of abuse. The statutory definition of domestic abuse, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional, and economic abuse and coercive and controlling behaviour. Both the person who is carrying out the behaviour and the person to whom the behaviour is directed must be aged 16 or over and they must be "personally connected".

Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse and child/adolescent to parent violence and abuse. Anyone can be a victim of domestic abuse, regardless of gender, age, ethnicity, socio-economic status, sexuality or background and domestic abuse can take place inside or outside of the home.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Seeing, hearing or experiencing domestic abuse and / or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Where police are called to an incident of domestic abuse and there are children in the household who have experienced the domestic incident, the police will inform the key adult in school before the child or children arrive at school the following day with an [Operation Encompass](#) alert.

Advice is available at:

- [NSPCC- UK domestic-abuse Signs Symptoms](#)
- [Refuge: What is abuse?](#)
- [SafeLives: young people and domestic abuse](#)
- National Domestic Abuse Helpline, 24 hours a day on 0808 2020 247.

xi. Extra Familial Harm

All staff should be aware that Safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. It is important that schools provide as much information as possible so that assessments can

consider any harm in contexts outside the home. Extra familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, sexual abuse, serious youth violence and County Lines.

Staff should recognise that children with SEN, disabilities and certain health conditions can face additional safeguarding challenges. They must not assume that indicators of possible abuse such as behaviour, mood and injury relate to a child's disability without further exploration. They must remain alert to the fact that children with SEN, disabilities and certain health conditions can be more prone to peer group isolation and disproportionately impacted by behaviours such as bullying, without outwardly showing any signs and may have communication barriers and difficulties overcoming these barriers.

It is **not** the responsibility of the school staff to investigate or determine the truth of any disclosure or allegation of abuse or neglect. This includes allegations of peer abuse. All staff, however, have a duty to recognise concerns and maintain an open mind. Accordingly, all concerns indicating possible abuse or neglect will be recorded and discussed with the DSL (or in their absence with the person who deputises) prior to any discussion with parents.

xii. The trio of vulnerabilities

This is made up of three issues: domestic abuse, mental ill-health, and substance misuse. These issues can co-exist in families where significant harm to children has occurred. Where this co-occurrence happens, it is an indicator of increased risk of harm to children.

xiii. Cybercrime

Cybercrime is criminal activity committed using computers and / or the internet. Children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.

Additional advice can be found at: [Cyber Choices](#), [NPCC- When to call the Police](#) and [National Cyber Security Centre](#). Cyber Choices aims to intervene where young people are at risk of committing or being drawn into low-level cyber-dependent offences and divert them to a more positive use of their skills and interests.

c) Children potentially at greater risk of harm

All children should be protected but some groups of children are potentially at greater risk of harm.

i. Children who need a social worker (Child in Need and Child Protection Plans)

Children may need a social worker due to safeguarding or welfare issues, this can lead them to be vulnerable to further harm as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour, and mental health. This should inform decisions about safeguarding and promoting welfare, considering the provision of pastoral and / or welfare support, alongside action by statutory services.

The DSL and all members of staff will work with and support social workers to help protect vulnerable children.

Where we are aware that a child has a social worker, the DSL will always consider this fact to ensure any decisions are made in the best interests of the child's safety, welfare and educational outcomes. For example, it will inform decisions about:

- Responding to unauthorised absence or missing education where there are known safeguarding risks.

- The provision of pastoral and/or academic support.

ii. Children who are absent from education

Children being absent for prolonged periods, having unexplainable and/or persistent absences from education and/or on repeat occasions, can be a warning sign of safeguarding issues including neglect, child sexual exploitation and child criminal exploitation. As outlined in the DfE statutory guidance, [Working Together to improve school attendance 2024](#), schools must work with Local Authority Children's Services, where absence indicates safeguarding concerns

iii. Children missing from education

This can be a vital warning sign for a range of safeguarding issues and the response of the school will support identifying abuse to help prevent the risk of the child going missing in the future. A child's absence may be unexplainable and persistent which would necessitate professional curiosity to better understand the reasons for this. A school making a referral to the Local Authority must follow the DfE's statutory guidance on [Children Missing in Education](#)

iv. Elective Home Education (EHE)

School recognises that many home educated children have a positive learning experience, but it can also mean that some children are less visible to services that are there to keep them safe. School will follow local arrangements where parents express their intention to remove a child from school. NYCC Elective Home Education Policy and Procedures [here](#).

v. Children requiring mental health support

Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. The school has clear systems and processes in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems.

The senior mental health lead for the school is Claire Fretwell. They will access training and resources to develop the whole school approach to mental health and wellbeing.

vi. Looked after children and previously looked after children

The most common reason for children becoming looked after is because of abuse and/or neglect. The school will hold the information in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order) and the child's contact arrangements with birth parents or those with parental responsibility. The school will hold the name of the child's social worker.

The school recognises that a previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe.

We have a designated teacher, Wendy McNerney, who is responsible for promoting the educational achievement of looked after children and previously looked after in line with statutory guidance.

The designated teacher is appropriately trained and has the relevant qualifications and experience to perform the role.

As part of their role, the designated teacher will:

- Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to.
- Work with the virtual school headteacher to promote the educational achievement of looked-after, previously looked-after children, including discussing how pupil premium plus funding can be best used to support looked-after children and meet the needs identified in their personal education plans.
- The virtual school headteacher's responsibility also includes those children within the school who are working with a social worker and children in kinship care.

vii. Children attending Alternative Provision

Where there is a necessity for a school to place a pupil with an alternative provision provider, it continues to be responsible for the safeguarding of that pupil and should be satisfied that the placement meets the pupil's needs. The DSL should ensure that regular communication is maintained, including quality assurance visits and contact with the child's family.

Schools must ensure they are fully compliant with the guidance set out by the DfE in their [Alternative Provision](#) information for schools. This includes the requirement for written confirmation from the provider that full safer recruitment steps have been taken on all members of staff employed by the organisation, such as those new to the alternative provision.

There must be a clear knowledge of the location of each child who attends an alternative provision. This should include names and addresses for the provision and lead proprietor, including subcontracted provision and satellite sites. All alternative provision placements must be reviewed at least termly, to ensure that children are attending, their needs are met, and the setting is meeting their needs. It is the responsibility of the school to ensure that placements that have the potential to put a child at risk are immediately reviewed and terminated, if concerns have failed to be addressed.

viii). Children who are lesbian, bisexual or gender questioning

A child or young person being lesbian, bisexual or gender questioning is not in itself an inherent risk for harm, however this may lead to targeting by other children, such as bullying. Following the Cass review, schools should adopt a cautious approach, encouraging families to seek clinical help and advice. DSL's should be conscious that such children may have complex mental health or psychosocial needs that need to be addressed, and support put in place. School professionals should refer to the Guidance for Schools and Colleges in relation to Gender Questioning Children when deciding how to proceed.

[Gender Questioning Children - non-statutory guidance \(education.gov.uk\)](#)

7. Roles and Responsibilities

Safeguarding and promoting the welfare of children is everyone's responsibility.

a) All School Leaders, Staff and Volunteers should:

- Read at least Part One (or Annex A, if appropriate) and Annex B of KCSIE 2025.
- Receive appropriate child protection training, including online safety training, at induction and which is regularly updated, (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

- Be aware of systems within the school which support safeguarding. These should be explained to them as part of staff induction. This includes: the school's child protection policy; RKL's Code of Conduct, the identity and role of the DSL and any deputies and the safeguarding response to children who go missing from education.
- Know what to do if a child tells them they are being abused or neglected and know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved. Staff should never promise a child that they will not tell anyone about a report of abuse.
- Be aware of the process for making referrals to children's social care where there are concerns about a child's welfare, for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm) that may follow a referral, along with the role they might be expected to play in such assessments.
- Be aware of the signs of abuse and neglect so that they are able to identify cases of children who may need help or protection.
- Be aware of children who may need support with their mental health.
- Maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the best interests of the child.
- **Always** speak with the DSL where there are concerns about a child.
- Speak to a member of the SLT and / or take advice from local children's social care if the DSL is not available.
- Understand that, whilst anyone can make a referral to North Yorkshire Children and Families' Service [here](#), the correct school procedure is to report any concerns to the DSL in the first instance. If after a referral the child's situation does not appear to be improving the DSL (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.
- Use the NYSCP professional resolution procedure [here](#) and in exceptional circumstances, such as in an emergency or a genuine concern that action has not been taken, speak directly to Children and Families' Service. Where referrals are not made by the DSL inform the DSL as soon as possible, that a referral has been made.
- Have due regard to the duty to prevent people from being drawn into terrorism; report known cases of female genital mutilation and follow procedures when a child goes missing from education.
- Have due regard to the duty to prevent people from being drawn into terrorism; report known cases of female genital mutilation and follow procedures when a child goes missing from education.
- Be aware of the school emergency procedures including fire evacuation, lock-down and evacuation.
- Refer concerns to the Headteacher/principal where there are concerns about another staff member,
- Refer concerns to the chair of governors, Director of HR or LADO where there are concerns about the Headteacher or principal.
- Raise concerns about poor or unsafe practices and potential failures in the school's safeguarding regime and where, necessary have regard to whistleblowing procedures. [The NSPCC whistleblowing helpline](#) is available as an alternative route for staff who do not feel able to raise concerns regarding child protection failures internally or have concerns about the way a concern is being handled by their school. Staff can call 0800 028 0285 – or email: help@nspcc.org.uk.
- Be aware of local early help process for [North Yorkshire](#) and understand their role in line with Working Together to Safeguard Children 2018, and be particularly alert to the potential need for early help for a child who:
 - is disabled or has certain health conditions and has specific additional needs.

- has special educational needs (whether or not they have a statutory Education, Health and Care Plan).
 - has a mental health need.
 - is a young carer.
 - is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines.
 - is frequently missing/goes missing from education, care or from home.
 - is at risk of modern slavery, trafficking, sexual or criminal exploitation.
 - is at risk of being radicalised or exploited.
 - has a family member in custody or is affected by parental offending.
 - has experienced multiple suspensions, is at risk of being permanently excluded from schools and in alternative provision or a pupil referral unit.
 - is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse.
 - is misusing drugs or alcohol themselves.
 - has returned home to their family from care.
 - is at risk of “honour” based abuse such as Female Genital Mutilation or Forced Marriage.
 - is a privately fostered child.
 - is persistently absent from education, including persistent absences for part of the school day.
- Not assume a colleague or another professional will act and share information that might be critical in keeping children safe and be mindful that early information sharing is vital for effective identification, assessment, and allocation of appropriate service provision. If in any doubt about sharing information, staff should speak to the designated safeguarding lead or a deputy. Fears about sharing information **must** not be allowed to stand in the way of the need to promote the welfare, and protect the safety, of children. Staff should be vigilant and always raise any concerns with their DSL or deputy.
 - Speak to the designated safeguarding lead (or deputy) about any concerns about female genital mutilation (FGM) and be aware that there is a specific **legal** duty on **teachers, if**, in the course of their work in the profession, they discover that an act of FGM appears to have been carried out on a girl under the age of 18, and that they must report this to the police.
 - Should be aware that technology is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content. Therefore, all staff must have an awareness and understanding of the provisions in place (filtering and monitoring systems), manage them effectively and know how to escalate concerns when identified.

Concerns should always lead to help for the child at some point.

b) The Designated Safeguarding Lead

The DSL is a member of the Senior Leadership Team. Our DSL is:

Name	Role	Contact
<u>Estelle Scarth</u>	Headteacher	

School hours: 01423 872827
Out of school hours:
ojsafeguarding@ojs.rklt.co.uk

The DSL takes lead responsibility for child protection and wider safeguarding.

They are supported by:

Name	Role	Contact
Andrew Morley 	DSL Online Safety Co-ordinator Deputy Headteacher	School hours: 01423 872827 Out of school hours: ojsafeguarding@ojs.rklt.co.uk
Wendy McNeerney 	DSL Inclusion Leader Assistant Headteacher	School hours: 01423 872827 Out of school hours: ojsafeguarding@ojs.rklt.co.uk
Rachel Coyne 	DSL Year 5 Leader	School hours: 01423 872827 Out of school hours: ojsafeguarding@ojs.rklt.co.uk
Claire Fretwell 	DSL Senior Mental Health Leader	School hours: 01423 872827 Out of school hours: ojsafeguarding@ojs.rklt.co.uk
Emily Mansfield	DSL	

	Year 4 Team Leader SLT	School hours: 01423 872827 Out of school hours: ojssafeguarding@ojs.rklt.co.uk
Tricia Morales-lacias 	DSL Learning Mentor	School hours: 01423 872827 Out of school hours: ojssafeguarding@ojs.rklt.co.uk

The DSL will be given the time, funding, training, resources, and support to:

- Provide advice and support to other staff on child welfare and child protection matters.
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so.
- Contribute to the assessment of children.
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly.
- The DSL will also keep the headteacher informed of any issues and liaise with local authority case managers and designated officers for child protection concerns as appropriate.
- The DSL should take lead responsibility for online safety and understanding the filtering and monitoring systems and processes in place.

The full responsibilities of the DSL and are set out in their job description, which is included in **Appendix 1**.

c) **The Headteacher/Principal**

They should ensure that:

- They receive appropriate safeguarding and child protection training, which is regularly updated.
- This policy is communicated to all stakeholders, including to parents when their child joins the school, and via the school website.
- The policies and procedures adopted by the Governing Body particularly concerning referrals of cases of suspected abuse and neglect, are fully implemented, and followed by all staff.
- The DSL has appropriate time, funding, training, and resources, and that there is always adequate cover if the DSL is absent.
- Staff (including temporary staff) and volunteers are informed of our systems which support safeguarding, including this policy, as part of their induction.
- All staff undertake appropriate safeguarding and child protection training and update this regularly.

- Act as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate and liaise with the LADO and partner agencies.

d) The Governing Board

All governors will read Keeping Children Safe in Education 2025.

The governing board will approve this policy at each review, ensure it complies with the law and hold the headteacher to account for its implementation.

The governing board will appoint Rai Shacklock (Safeguarding Link Governor) to monitor the effectiveness of this policy in conjunction with the full governing board. This is always a different person from the DSL.

The chair of governors will act as the 'case manager' if an allegation of abuse is made against the headteacher, where appropriate (see **Appendix 3**).

The Local Governing Body link governor for Safeguarding is

<https://www.oatlandsjunior.co.uk/our-school/governance/local-governing-body/>

Name	Role	Contact
Rai Shacklock	Safeguarding Governor	01423 872827

Further details of the role of the governing body are in **Appendix 2**.

8. Training

To fulfil their safeguarding duty effectively, all governors, staff and volunteers receive regular, relevant, and comprehensive training, relevant to their role that meets the minimum statutory requirements. Training is part of induction but is also aligned and integrated to the wider CPL schedule. Through induction, and the training schedule, all staff and volunteers are provided with opportunities to learn how to recognise and respond to concerns about child abuse. This may include online compliance, face-to face, and 'little and often' through briefings, bulletins and scenarios

We have a team of specialist staff, including the Designated Safeguarding Lead (DSL). Staff and volunteers who have these specialist responsibilities linked to safeguarding are given training matched to their role.

Training and guidance on safer recruitment is provided for those responsible for recruiting and selecting staff and volunteers.

9. Safer Recruitment

Rigorous practices are in place that ensure all staff and volunteers are suitable to work with children and young people.

Oatlands Junior School pays full regard to DfE guidance Keeping Children Safe in Education 2025; the Protection of Freedoms Act 2012; the Childcare (Disqualification) and Childcare (Early Years Provision Free of Charge) (Extended Entitlement (Amendment) Regulations 2018 under S75 of the Childcare Act 2006.

We ensure that all appropriate measures are applied in relation to everyone who works in or on behalf of the school who is likely to be perceived by the children as a safe and trustworthy adult. This should include schools carrying out a section 128 check for Local Governing Board Members and Trustees, to ensure that the individual is not disqualified from working in this capacity.

We follow all elements of KCSiE on checking volunteers and contractors on checking host families for educational visits and work experience providers.

It is vital that schools create a culture of safe recruitment and, as part of that, adopt our written recruitment and selection policies and procedures that help deter, reject, or identify people who might abuse children. Safer recruitment practice includes scrutinising applicants, completion of online searches at shortlisting, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous educational and employment history and ensuring that a candidate has the health and physical capacity for the job. Schools can also make use of the DfE's 'check a teacher's record' to make prohibition, direction, restriction and children's barred list checks. The school will take a planned approach to recruitment and ensure it takes appropriate safeguarding actions at each stage of the process. The selection decision will be appropriately recorded and a copy of relevant documents, including those used to verify the successful candidate's identity, right to work and required qualifications, will be kept on their personal file.

At Oatlands Junior School school staff are made aware that they are required to notify their line manager of any convictions or cautions during employment with the Trust or if they receive

a Penalty Notice for Disorder. For those who drive on business at any point during their employment (Authority's vehicle or own vehicle), this includes all motoring offences dealt with through the courts and penalty points on driving licences - whether awarded by a court or through fixed penalty notices.

Early Years' Staff are made aware that they are expected to disclose any convictions, cautions, court orders, reprimands and warnings which may affect their suitability to work with children (whether received before or during their employment at the school/setting) or any circumstances which could lead to consideration of disqualification.

Where staff move from positions that are not providing education into a new position where they are, then they will be treated as a new member of staff and all appropriate checks for the post carried out.

The procedure for safer recruitment and DBS checks is contained in guidance documents available on our careers page: [Red Kite Learning Trust - Current Vacancies](#) and our [People online Portal \(POP\)](#).

Single Central Record

Oatlands Junior School has a single central record detailing a range of checks carried out on all staff (including supply staff, and teacher trainees on salaried routes) who work at the school and, additionally, all members of the proprietary body.

Statutory requirements are such that:

- an Enhanced DBS check with Children's Barred List Check is obtained for all new paid appointments to the school's workforce and for unsupervised volunteers working in regulated activity.
- a risk assessment will be undertaken by the Headteacher to decide whether to obtain an Enhanced DBS check for any volunteer not engaging in regulated activity. The risk assessment will consider a range of factors including the nature of the work, the regularity, frequency, duration, and nature of contact with children, the level of supervision of the volunteer, what is known about the volunteer, including formal or informal information offered by staff, parents, and other volunteers, whether the volunteer has other employment or undertakes activities where referees can advise on suitability. Details of the risk assessment will be recorded and retained on file.
- an Enhanced DBS check without Barred List Check, is obtained for maintained school governors and members of the proprietary body of an independent school, including academies and free schools.
- schools will satisfy themselves that any contracted staff are DBS checked where appropriate.
- schools will ensure that a check of any teacher prohibitions, including interim orders, is made on all those undertaking teaching work.
- Academies, Independent and Free and Schools will ensure a check of any Section 128 direction for those taking up a management position. Maintained school must undertake this check for all governors.
- all new appointments to the school workforce who have lived outside the UK are subject to additional checks as appropriate.
- schools must satisfy themselves that agency and third-party staff have undergone the necessary checks by seeking written confirmation from the relevant employer.
- identity checks and confirmation of a right to work in the UK must be carried out on all appointments to the school workforce before the appointment is made.
- evidence must be obtained of professional qualifications for teaching staff including the award of QTS and completion of statutory induction, if applicable.

It is also good practice, as part of the due diligence on shortlisted candidates, for the school to carry out an online search. This will help identify any issues or incidents that have happened and are publicly available. The school can then explore them with the applicant at interview.

We will also ensure all staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions.
- work in an open and transparent way.
- discuss and/or take advice from school management over any incident which may give rise to concern.
- record any incidents or decisions made.
- apply the same professional standards regardless of gender or sexuality.
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

Childcare Disqualification

For staff who work in childcare provision or who are directly concerned with the management of such provision, schools need to ensure that appropriate checks are carried out to ensure that individuals are not disqualified under [the 2018 Childcare Disqualification Regulations](#).

Safer Recruitment Training Record

The school ensures that those involved in the recruitment and employment of staff to work with children have received appropriate safer recruitment training. The following staff have received that training:

Member of Staff	Role	Training Complete	Renewal
Estelle Scarth	Head Teacher	August 25	September 28
Andrew Morley	Deputy Headteacher	October 24	October 27
Wendy McNerney	Assistant Headteacher	October 24	October 27
Rachel Coyne	Senior Leader	February 23	February 26
Karen Washer			
Rai Shacklock	Governor:	August 25	August 28
	Governor:	December 24	December 27

Safer Working Practice

“All staff have a responsibility to be aware of systems within their school which support safeguarding and these should be explained to them as part of staff induction and in regular staff training sessions. This includes the school’s child protection policy and staff behaviour policy (sometimes called code of conduct) of which this document will become a part.”
(Guidance for safer working practice for those working with children and young people in education settings)

This guidance was updated in February 2022 via the Safer Recruitment Consortium and can be accessed [here](#).

Oatlands Junior School follows RKL Code of Conduct. The school adopts and makes all staff and volunteers aware on induction of the Guidance for Safer Working Practice for those working with Children and Young People in Education Settings. In addition the information provided by the [NSPCC](#) to ensure that staff are aware of behaviours which should be avoided and that staff and children are safe.

Safer working practice ensures that pupils are safe and that all Oatlands Junior School staff:

- are responsible for their own actions and behaviour and should avoid any conduct which would lead any reasonable person to question their motivation and intentions.
- work in an open and transparent way.
- discuss and/or take advice from school management over any incident which may give rise to concern
- record any incidents or decisions made.
- apply the same professional standards regardless of gender or sexuality.
- are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

10. Site and Premises

Oatlands Junior School has put in place appropriate arrangements to ensure the security of the site. These will include certificates and details of all statutory examinations, testing and remedial work:

- health and safety policy including risk assessments and arrangements.
- asbestos register and management plan.
- fire risk assessment and management plan.
- statutory maintenance and testing certificates.
- a legionella risk assessment and management plan.
- inspection logs and registers.
- details and contact information for responsive maintenance and emergency services contractors.

11. Curriculum

The curriculum plays an important, preventative role in safeguarding. At Oatlands Junior School there is an inclusive, effective Relationships, Sex, Health Education (RSHE) programme in place, which is underpinned by the school's values, standards, and statutory guidance. Pupils are encouraged, enabled, and inspired to be happy, healthy, safe and confident young people now and, in the future. The approach prepares pupils for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobia and sexual violence/harassment.

An age-appropriate, preventative, spiral curriculum teaches pupils how to keep themselves and others safe. This encompasses harmful and inappropriate online content, contact, conduct and commerce. Pupils are taught about the issues surrounding sexting as part of our PSHE education and computing programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding, or providing such images, including when it is and is not abusive.

- Issues of legality.
- The risk of damage to people's feelings and reputation.
- Pupils also learn the strategies and skills needed to manage:
- Specific requests or pressure to provide (or forward) such images.
- The receipt of such images.

The curriculum is also tailored to the specific needs and vulnerabilities of individual children, including those children who are victims of abuse and those with Special Educational Needs and/or Disabilities (SEND).

Pupils understand what is unacceptable and how they can disclose information, even if it is not about them.

The RSHE curriculum can be found here:

<https://www.oatlandsjunior.co.uk/our-curriculum/subjects/personal-social-health-education-pshe/>

12. School procedures to ensure children are safe at school and home

All Staff, volunteers, visitors and governors must follow the procedures set out below in the event of a safeguarding issue. All schools are required to have clear procedures on reporting concerns for visitors, made clear on arrival. This may include the use of electronic inventory, posters, providing a safeguarding information pamphlet or a briefing given by a receptionist.

a) Reporting concerns

i. If you are concerned a child is suffering or likely to suffer harm, or in immediate danger.

Act on your concerns immediately:

- Report your concerns to the DSL.
- Anyone can make a referral to children's social care and/or the police immediately if they believe a child is suffering or likely to suffer from harm, or in immediate danger.
- Tell the DSL as soon as possible if you make a referral directly.

ii. If a disclosure is made

Disclosures or information may be received from a child, parents, or other members of the public. If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions.
- Stay calm and do not show that you are shocked or upset.
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner.
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret.
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it.
- Sign and date the write-up and pass it on to the DSL. Alternatively, if appropriate, make a referral to children's social care and/or the police directly and tell the DSL as soon as possible that you have done so.

- Such information cannot remain confidential, and you must immediately communicate what you have been told to the DSL and make a contemporaneous record. If in doubt about recording requirements staff should discuss with the DSL.
- School recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly, all staff will handle disclosures with sensitivity.

iii. If you discover that FGM has taken place, or a child is at risk of FGM

The Department for Education's Keeping Children Safe in Education explains that FGM comprises "all procedures involving partial or total removal of the external female genitalia, or other injury to the female genital organs".

- FGM is illegal in the UK and a form of child abuse with long-lasting, harmful consequences. It is also known as 'female genital cutting', 'circumcision' or 'initiation'.
- **Any teacher** who discovers (either through disclosure by the victim or visual evidence) that an act of FGM appears to have been carried out on a pupil under 18 must immediately report this to the police, personally. This is a statutory duty, and teachers will face disciplinary sanctions for failing to meet it.
- Unless they have been specifically told not to disclose, they should also discuss the case with the DSL and involve children's social care as appropriate.
- **Any other member of staff** who discovers that an act of FGM appears to have been carried out on **a pupil under 18** must speak to the DSL and follow our local safeguarding procedures.
- The duty for teachers mentioned above does not apply in cases where a pupil is at risk of FGM or FGM is suspected but is not known to have been carried out. Staff should not examine pupils.
- **Any member of staff** who suspects a pupil is at risk of FGM or suspects that FGM has been carried out must speak to the DSL and follow our local safeguarding procedures.

iv. If you have concerns about a child (as opposed to believing a child is suffering or likely to suffer from harm, or is in immediate danger)

- Where possible, speak to the DSL first to agree a course of action.
- If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or take advice from local authority children's social care. You can also seek advice at any time from the NSPCC helpline on 0808 800 5000. Share details of any actions you take with the DSL as soon as practically possible.
- Make a referral to local authority children's social care directly, if appropriate (see 'Referral' below). Share any action taken with the DSL as soon as possible.

Early help

- If early help is appropriate, the DSL will generally lead on liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner.
- The DSL will keep the case under constant review and the school will consider a referral to local authority children's social care if the situation does not seem to be improving. Timelines of interventions will be monitored and reviewed.

- Practitioners should be alert to the potential need for early help for a child who demonstrates triggers. A complete list of children at risk and whom would benefit from Early Help can be found in Working Together to Safeguarding Children, (Chapter 3, section 1)

[Working together to safeguard children 2023: statutory guidance](#)

- Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse
- Has a parent whom has mental health issues and/or has been subject to domestic abuse
- Is misusing drugs or alcohol themselves
- Is a young carer
- Is recently bereaved
- Is suffering from mental ill health
- At risk of being drawn into anti social or criminal behaviour, including gangs
- Has returned home to their family from care or is a privately fostered child
- Has a parent or carer in custody
- Is missing education, or persistently absent from school,
- Has experienced multiple suspensions and is at risk of, or has been permanently excluded

Referral

- If it is appropriate to refer the case to local authority children's social care or the police, the DSL will make the referral or support you to do so.
- If you make a referral directly, you must tell the DSL as soon as possible.
- The local authority will make a decision within 1 working day of a referral about what course of action to take and will let the person who made the referral know the outcome. The DSL or person who made the referral must follow up with the local authority if this information is not made available, and ensure outcomes are properly recorded.
- The DSL must ensure that in addition to keeping records of concerns, discussions and decisions, a rationale for any action or non-action should be clearly recorded.
- If the child's situation does not seem to be improving after the referral, the DSL or person who made the referral must follow local escalation procedures to ensure their concerns have been addressed and that the child's situation improves.

v. If you have concerns about extremism

- If a child is not suffering or likely to suffer from harm, or in immediate danger, where possible speak to the DSL first to agree a course of action.
- If in exceptional circumstances the DSL is not available, this should not delay appropriate action being taken. Speak to a member of the senior leadership team and/or seek advice from local authority children's social care. Make a referral to local authority children's social care directly, if appropriate (see 'Referral' above). Inform the DSL or deputy as soon as practically possible after the referral.
- Where there is a concern, the DSL will consider the level of risk and decide which agency to make a referral to. This could include [Channel](#), the government's programme for identifying and supporting individuals at risk of being drawn into terrorism, or the local authority children's social care team.
- The Department for Education also has a dedicated telephone helpline, 020 7340 7264, which school staff and governors can call to raise concerns about extremism

with respect to a pupil. You can also email counter.extremism@education.gov.uk. Note that this is not for use in emergency situations.

In an emergency, call 999 or the confidential anti-terrorist hotline on 0800 789 321 if you:

- Think someone is in immediate danger.
- Think someone may be planning to travel to join an extremist group.
- See or hear something that may be terrorist-related.

vi. If you have a mental health concern

- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Staff will be alert to behavioural signs that suggest a child may be experiencing a mental health problem or be at risk of developing one.
- If you have a mental health concern about a child that is also a safeguarding concern, take immediate action by speaking with the DSL.
- If you have a mental health concern that is not also a safeguarding concern, speak to the DSL to agree a course of action.

viii. Allegations of abuse made against other pupils

- We recognise that children can abuse their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.
- We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously. All staff working with children are advised to maintain ‘professional curiosity’ and an attitude of ‘it could happen here’.
- Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:
 - Is serious, and potentially a criminal offence.
 - Could put pupils in the school at risk.
 - Is violent.
 - Involves pupils being forced to use drugs or alcohol.
 - Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including sexting)
- If a pupil makes an allegation of abuse against another pupil:
 - You must record the allegation and tell the DSL, but do not investigate it.
 - The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence.
 - The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed.
 - The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate.
- We will minimise the risk of child-on-child abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images.
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys.
- Ensuring our curriculum helps to educate pupils about appropriate behaviour and consent.
- Ensuring pupils know they can talk to staff.
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy.

ix. Sexting

- Your responsibilities when responding to an incident.
- If you are made aware of an incident involving sexting (also known as ‘youth produced sexual imagery’), you must report it to the DSL immediately.

You must **not**:

- View, download or share the imagery yourself, or ask a pupil to share or download it. If you have already viewed the imagery by accident, you must report this to the DSL.
- Delete the imagery or ask the pupil to delete it.
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL’s responsibility).
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers.
- Say or do anything to blame or shame any young people involved.
- You should explain that you need to report the incident and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children’s social care
- If it is necessary to view the imagery in order to safeguard the young person (in most cases, imagery should not be viewed)
- What further information is required to decide on the best response.
- Whether the imagery has been shared widely and via what services and/or platforms (this may be unknown).
- Whether immediate action should be taken to delete or remove images from devices or online services.
- Any relevant facts about the pupils involved which would influence risk assessment.
- If there is a need to contact another school, college, setting or individual.
- Whether to contact parents or carers of the pupils involved (in most cases parents should be involved).
- The DSL will make an immediate referral to police and/or children’s social care if:
- The incident involves an adult.

- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs).
- What the DSL knows about the imagery suggests the content depicts sexual acts which are unusual for the young person's developmental stage or are violent.
- The imagery involves sexual acts and any pupil in the imagery is under 13.
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of the imagery (for example, the young person is presenting as suicidal or self-harming).

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Further review by the DSL

- If at the initial review stage, a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review.
- They will hold interviews with the pupils involved (if appropriate) to establish the facts and assess the risks.
- If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

- The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

- If it is necessary to refer an incident to the police, this will be done through our police community support officer or dialling 101, Martin Powell: SchoolTeam2@northyorkshire.pnn.police.uk

Recording incidents

- All sexting incidents and the decisions made in responding to them will be recorded. The record-keeping arrangements set out in section 14 of this policy also apply to recording incidents of sexting.

Figure 1: procedure if you have concerns about a child's welfare (as opposed to believing a child is suffering or likely to suffer from harm, or in immediate danger)

b) Responding to concerns

i. Action by the DSL (or Deputy DSL in their absence)

The following actions will be taken where there are concerns about significant harm **to any child, including where there is already an open case to Children's Social Care**, (e.g., Looked after Child).

Following any information raising concern, the DSL will consider:

- If they believe there is immediate risk of significant harm to a child and therefore should contact West Yorkshire Police on 999.
- If they should report a crime that does not need an emergency response by calling 101.
- If there is an urgent safeguarding concern and they should call
 - Duty and Advice on 0113 376 0336 (Option 2).
 - Out of office: 0113 535 0600
- Any urgent medical needs of the child.
- Whether to make an enquiry to Duty and Advice to establish if the child is or has been subject of a Child Protection Plan.
- Discussing the matter with other agencies involved with the family.
- Consulting with appropriate persons e.g., Local Safeguarding Children's Partners Safeguarding Arrangements.
- The child's wishes and any fears or concerns they may have.

Then decide:

- Wherever possible, to talk to parents, unless to do so may place a child at risk of significant.
- Whether to make a referral to statutory services as the child may be in need or because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately.

OR

- Not to make a referral at this stage.
- If further monitoring is necessary.
- If it would be appropriate to undertake an early help assessment and/or make a referral for other services.

ii. Responding to Action following a child protection referral

It is the responsibility of all staff to safeguard children. It is the role of the DSL (or appropriately trained Deputy DSL) to attend multi-agency meetings and provide reports for these. Other staff in school, however, may be asked to contribute.

The DSL will:

- Make regular contact with Children's Social Care.
- Contribute to the Strategy Discussion and all assessments.
- Provide a report for, attend, and contribute to any subsequent Child Protection Conference.
- If the child has a Child Protection Plan, contribute to the Child Protection Plan, and attend Core Group Meetings and Review Child Protection Conferences.
- Where possible, share all reports with parents prior to meetings.

- Where in disagreement with a decision made e.g., not to apply Child Protection Procedures or not to convene a Child Protection Conference, follow the Local Safeguarding Partnership procedures.
- Where there is significant information in respect of a child subject to a Child Protection Plan, immediately inform the key worker or their manager in Children's Social Care e.g., any significant changes or concerns, departures from the CP plan, child moves/goes missing/is removed from school or fails to attend school.

iii. Monitoring

School will monitor any cause for concern including where there could be serious child welfare concerns e.g.

- Injuries/marks
- Attendance
- Changes e.g., mood/ academic functioning
- Relationships
- Language
- Behaviour
- Demeanour and appearance
- Statements, comments
- Medicals
- Stories, 'news', drawings
- Response to P.E./Sport
- Family circumstances
- Parental behaviour/ care of child
- Online activity

The DSL will review all monitoring arrangements in the timescale and manner determined by circumstances, recorded and clearly understood by all concerned.

iv. Consent

- It is good practice that agencies work in partnership with parents and carers, and they are informed of your concerns with consent obtained for referrals.
- Consent is always required for referrals to services such as Early Help, without it, the services available to the family may be limited.
- Consent is not required should you believe informing the parents or carers would place a child at significant risk of harm.
- Where consent has not been obtained, and professionals feel that a referral is still warranted, they should submit a referral detailing their actions and inform parent and carers of their actions. In cases of suspected Child Sexual Abuse in the family and Fabricated or Induced Illness it is best practice NOT to inform the family of the referral.
- All information and actions taken, including the reasons for any decisions made, will be fully documented.
- All referrals to Children and Families Service will be made by submitting a universal referral form or the Early Help Assessment form, if this has been completed.
- All referrals to Children and Families Service will be made by submitting a [universal referral form](#) or [the Early Help Assessment Form](#), if this has been completed.

v. Supporting the Child and Partnership with Parents and Carers

- School recognises that the child's welfare is paramount, however good child protection practice and outcome relies on a positive, open, and honest working partnership with parents and carers.
- Whilst we may, on occasion, need to make referrals without consultation with parents and carers, we will make every effort to maintain a positive and supportive working relationship with them whilst fulfilling our duties to protect any child.
- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child, parents, and carers. The DSL will determine which members of staff 'need to know' personal information and what they 'need to know' for the purpose of supporting and protecting the children.

c. Recording concerns

Where there is a concern about a child a record must be made and passed to a DSL immediately. All records should be objective and include:

- statements, facts, and observable things (what was seen/heard).
- diagram indicating position, size, and colour of any injuries (not photograph).
- words child uses, (not translated into 'proper' words).
- non-verbal behaviours.
- a clear and comprehensive summary of the concern.
- details of how the concern was followed up and resolved.
- a note of any action taken, decisions reached and the outcome.

School will record:

- Information about the child: name (aka) address, dob., those with parental responsibility, primary carers, emergency contacts, names of persons authorised to collect from school, any court orders, if a child is or has been subject to a CP Plan.
- Key contacts in other agencies including GP details.
- Any disclosures/accounts from child or others, including parents (and keep original notes).
- Significant contacts with carers/other agencies/professionals.
- All concerns, discussions, decisions, agreements made, and actions taken and the reasons for these (dated, timed, and signed, to include the name and agency/title of the person responsible/ spoken to), the plan to protect the child and arrangements for monitoring/review.

We will retain records as follows:

- Records will be kept in line with our records retention schedule.
- All sensitive and child protection records will be kept confidential and secure. They will only be available to those who have a right or professional need to see them. The school uses CPOMS to record safeguarding information.
- Non-confidential records will be made easily accessible and available.
- When a child moves to another school any child protection files will be transferred promptly, securely and separate from the main pupil file. The school will also speak to the DSL of the receiving school to provide information that will enable the necessary preparation to ensure the safety of the child.

When sharing confidential information about a member of staff or pupil, the school has regard to the data protection principles, which allow them to share personal information, as provided for in the Data Protection Act 2018, and the GDPR and where relevant, the Education (Pupil Information) (England) Regulations 2005 and the Freedom of Information Act 2000. Advice on information sharing for practitioners can be accessed [here](#).

The school notes that Keeping Children Safe in Education (2025) para 55 The Data Protection Act 2018 and GDPR do not prevent, or limit, the sharing of information for the purposes of keeping children safe and promoting their welfare. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare. This includes allowing practitioners to share information without consent.

The DfE Data Protection guidance supports school staff, governors and trustees to clearly understand and how to comply with data protection law. This includes implementation of data policy and processes, knowing what staff and pupil data to keep and following good practices for preventing personal data breaches. [Data protection in schools - Guidance](#)

If in any doubt about sharing information staff should speak to the DSL.

Supporting the Child and Partnership with Parents and Carers

- School recognises that the child's welfare is paramount, however good child protection practice and outcome relies on a positive, open, and honest working partnership with parents and carers.
- Whilst we may, on occasion, need to make referrals without consultation with parents and carers, we will make every effort to maintain a positive and supportive working relationship with them whilst fulfilling our duties to protect any child.
- We will provide a secure, caring, supportive and protective relationship for the child.
- Children will be given a proper explanation (appropriate to age & understanding) of what action is being taken on their behalf and why.
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child, parents, and carers. The DSL will determine which members of staff 'need to know' personal information and what they 'need to know' for the purpose of supporting and protecting the children.

13. Concerns about a staff member, supply teacher or volunteer

If you have concerns about a member of staff (including a supply teacher or volunteer), or an allegation is made about a member of staff (including a supply teacher or volunteer) posing a risk of harm to children, speak to the headteacher. If the concerns/allegations are about the headteacher, speak to the chair of governors or Director of HR or LADO.

Low-level concerns

The term low-level concerns covers behaviours that **DO NOT** meet the **harm threshold** but still cause concern. KCSIE definition:

A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and

- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

Examples:

- being over friendly with children
- having favourites
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door
- humiliating pupils

It is important to remember that these concerns exist on a large spectrum where two low-level concerns may look very different but are still covered under that same guidance. Low level concerns will be recorded confidentially by the Headteacher or nominated Senior Leader. This would typically be completed following investigatory work regarding the member of staff.

14. Online Safety and Social Media

The use of 'Information and Communication Technologies (ICT)' has great benefits for the development of students' learning and the administration and governance of Oatlands Junior School. With these advantages, however, come risks, including:

- Child sexual exploitation
- Identity theft including phishing.
- spam
- 'Cyber' bullying
- Viruses

It is the aim of this section of the policy to minimise these risks for:

- Students
- Staff and others involved with the daily activities of the Trust.
- The influence of the dark net

Online safety

Issues relating to online safety can be categorized into 4 areas of risk:

- Content:** being exposed to illegal, inappropriate, or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation, and extremism.
- Contact:** being subjected to harmful online interaction with other users; for example: peer to peer, pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- Conduct:** online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying.
- Commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please report it to the [Anti-Phishing Working Group](#)

The risk posed to children online also includes access to misinformation, disinformation (including fake news) and conspiracy theories. Specific approaches are highlighted through organisations such as Educate Against Hate, that schools can utilise to tackle such concerns.

This policy is concerned with significantly unsafe use of ICT, not minor infringements. Just as safe use of ICT is commonly known as Online Safety, unsafe use of ICT is an Online Safety incident.

An Online Safety incident:

- uses some form of technology.
- causes or could have caused significant offence, harm, or distress.
- may or may not be deliberate.
- may not have occurred within school or on school equipment.

Examples of Online Safety incidents (not exclusive) include:

- a student or member of staff viewing pornography on a school computing device.
- a student bullying someone from another school with text messages.
- a student bullying a fellow student using instant messaging services.
- a student placing distressing posts about a member of the school community on social networking sites like Facebook.
- a student publishing their own address details on the Internet.
- a student publishing revealing images of her or himself on a social networking site.
- a student sharing a phone video of a member of staff in a lesson with other students.
- a member of staff suspecting a student of being groomed through their use of internet chat services.
- a student modifying a photo of a member of staff and distributing it leading to offence.

Staff Responsibilities

Online Safety Coordinator/DSL

Each school will identify an 'Online Safety Coordinator'; all members of the school community will be made aware of who holds this post. It is the role of the Online Safety Coordinator to:

- Keep abreast of current issues and guidance through organisations such as CEOP (Child Exploitation and Online Protection) and Childnet.
- Provide regular training which explains online safety and an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- Support staff in handling incidents.
- Support the education of students and staff in the safe use of ICT.

RKLT IT Services

Maintain services in support of the safe use of ICT. Typically to include;

- Internet and email filtering and logging.
- Management tools to monitor ICT use.
- Logging of network access.
- Appropriate level of IT security to guard against malicious use.

Other staff

- Know what is safe use of ICT.
- Understanding the expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- Model safe use of ICT within the school community and beyond.
- Be alert to unsafe use of ICT, by students & staff within school and beyond.
- Manage & report incidents as appropriate.
- Educate students where required by the curriculum.

Student Responsibilities

- Must adhere to an Acceptable Use Policy
- Must report incidents as they occur through the most appropriate member of staff, e.g., current teacher, form tutor, Online Safety Coordinator, DSL or SLT.

Parent Responsibilities

- Understand the Acceptable Use Policy and encourage their child to use ICT safely.
- Accept any sanctions that are applied when a student breaches the policy.

Education in Safe Use of ICT

Staff

- In addition to the Child Protection training, all staff will be trained in the safe use of ICT both for themselves and for students they supervise; the training will be regular and kept up-dated.
- Certain members of staff will have a higher level of expertise and clearly defined responsibilities.
- All new staff will receive an individual copy of the Safeguarding and Child Protection Policy, making a signed declaration this has been received, which includes information on each school's acceptable use policy, as part of their induction.
- The training will raise awareness of their individual responsibilities for the safeguarding of children within the context of Online Safety and will cover what to do in the event of misuse of technology by any member of the school community.

Students

- Each school will provide opportunities through ICT, Assemblies and other curriculum and non-curriculum times as appropriate.
- The ICT curriculum will include relevant legislation such as Data Protection and intellectual property laws.
- Students will be taught about copyright and respecting other people's information, images, and related topics.
- Students will be made aware of the impact of Cyberbullying and know how to seek help if they are affected by any form of online bullying.
- Students will be taught the dangers of releasing personal information through the use of social networking platforms and instant messaging / chat facilities.
- Students will also be made aware of where to seek advice or help if they experience problems when using the internet and related technologies; i.e., parent/ carer, teacher/ trusted staff member, or an organisation such as Childline or CEOP report abuse button.

Managing Technology

The Internet is an open communication medium, available to all, at all times. Anyone can view information, send messages, discuss ideas and publish material which makes it both an invaluable resource for education, business and social interaction, as well as a potential risk to young and vulnerable people. Internal networks are logged to allow any inappropriate use to be identified and followed up.

Infrastructure

RKLT IT Services will monitor access and use of the school network including internet services, so activity is monitored and recorded. Email and internet activity can be monitored and explored further if required.

Each school will be aware of its responsibility when monitoring staff and student communication under current legislation and take into account:

- General Data Protection Regulation (GDPR) 2018
- Data Protection Act 1998
- The Telecommunications (Lawful Business Practice) (Interception of Communications) Regulations 2000,
- Regulation of Investigatory Powers Act 2000,
- Human Rights Act 1998

And with regard to cyber bullying or other harmful communication:

- Protection from Harassment Act 1997
- Criminal Justice & Public Order Act 1994
- Malicious Communications Act 1988
- Communications Act 2003
- Defamation Act 2013

Filtering and Monitoring standards

The [DfE standards](#) will be applied across each school and will be reviewed at least annually. The self-assessment tool will be used by Trust and school leaders to use digital technology to keep children safe online, prevent cyber incidents and upgrade and maintain technology in cost-effective ways

RKLT IT Services will use management systems for controlling and monitoring workstations. The school also reserves the right to inspect any computing device authorised for use for school activity.

Managing the Internet

- Access to the Internet will be monitored. A filtering and monitoring system is in place and its effectiveness is regularly reviewed.
- Schools should ensure that appropriate action has been taken to meet the [cyber security standards](#), including management of the risk of [Generative Artificial Intelligence](#) by ensuring strict protocols are in place to safeguard systems, staff and students
- Staff will make every effort to preview sites and applications before recommending them to students; it is recognised that internet sites and applications are beyond the control of the Trust.
- All users must observe software copyright at all times. It is illegal to copy or distribute school software or illegal software from other sources.

- All users should make all reasonable attempts to observe copyright of materials from electronic resources.
- Users must not post personal, sensitive, confidential or classified information or disseminate such information in any way that may compromise its intended audience.
- Users must not reveal personal information/images about members of the school community (including names) acquired through school life on any social networking site or blog without seeking the subject's permission. Information published on the internet prior to the adoption of this policy may remain where not causing an issue, however staff should declare any material in the public domain (to the Designated Safeguarding Lead) which will be inspected for suitability.
- If staff are asking students to download apps or sign-up to sites for activities such as blogging, permission must be sought from the relevant Senior Leader in conjunction with RKLT IT Services.

Communication

Students, Parents, Staff and Governors are made aware of the Safeguarding and Child Protection Policy through a variety of means:

- Online Safety will be introduced to the students at the start of each school year.
- Online Safety messages will be embedded across the curriculum whenever the Internet and/or related technologies are used including Assemblies and other non-curriculum time.
- Online Safety posters will be prominently displayed.
- Online Safety updates will be displayed via the following methods;
- School website.
- Any school learning platform.

Specific Online Safety Issues

Further advice available [here](#)

Digital images & video

- Digital images are easy to capture, reproduce and publish and, therefore, misuse. It is not always appropriate to take or store images of any member of the school community or public, without first seeking consent and considering the appropriateness.
- With the written consent of parents (on behalf of students) and staff, the school permits the appropriate taking of images by staff and students. Staff should only take photographs or videos of students with the express permission of student and parent. This is normally obtained from parents on entry to each school and a list of the students whose parents have objected to this is kept by the Data Officer. It is preferred that school equipment is used for this, but in any case, images must be transferred within a reasonable time scale and solely to the school's network or hosted services controlled by the school and deleted from the original device. Staff must not share or store images of students on their own Personal Mobile Device (PMD) or personal social media networks.
- Students must be advised when using personal digital equipment, especially during field trips, that images and video should only be taken and shared with the subjects' consent. Students should also be advised that complaints against this condition will be considered a serious breach of this policy and risk having the device confiscated until it can be inspected, in their presence, by the Online Safety co-ordinator, DSL or a member of the Senior Leadership Team.

- Permission to use images and video of all staff is sought on induction and a copy is to be stored in the relevant personnel file within each local school.

Publishing Student's Images and Work

On a student's entry to the school, all Parents/carers are asked to give permission to use their student's work/photos in the following ways:

- on the school web site.
- on the school's learning platform.
- in the school prospectus and other printed publications that the school may produce for promotional purposes.
- recorded/ transmitted on a video or webcam.
- in display material that may be used in the school's communal areas.
- in display material that may be used in external areas, i.e., exhibition promoting the school.
- general media appearances, e.g., local/ national media/ press releases sent to the press highlighting an activity (sent using traditional methods or electronically).

This consent form is considered valid for the entire period that the child attends each school unless there is a change in the child's circumstances where consent could be an issue, e.g., divorce of parents, custody issues, etc. Parents/carers may withdraw permission, in writing, at any time. Consent has to be given by all interested parties in order for it to be deemed valid. Students' full names will not be published alongside their image by the school and vice versa. E-mail and postal addresses of students will not be published. Often, the press wishes to publish full names for members of teams. In these cases, the member of staff supervising will ensure that appropriate permission is sought. Before posting student work on the Internet, the member of staff responsible must check that permission has been given for work to be displayed.

Video Conferencing

- All students are supervised by a member of staff when video conferencing – unless permission is given by the E Safety Coordinator or a member of SLT.
- Any conferencing equipment is not set to auto-answer and is only switched on for scheduled and approved conferences.
- No part of any video conference with end-points outside of the school is to be recorded in any medium without the written consent of those taking part.

Additional points to consider

- Participants in conferences offered by 3rd party organisations may not be DBS checked and therefore supervision is required.
- Conference supervisors need to be familiar with how to use the video conferencing equipment, particularly how to end a call if at any point any person taking part becomes unhappy with the content of the conference.

Personal Mobile Devices (PMDs) including iPads, phones and other PMDs provided by school

- The school allows staff to bring in PMDs for their own use. Under no circumstances does the school allow a member of staff to use an identifiable PMD/personal email account to contact a student.

- Staff are advised not to contact a parent/carer using their PMD but there may be circumstances concerning a duty of care to students which override this.
- Students are allowed to bring PMDs to school.
- The school is not responsible for the loss, damage or theft of any personal PMD.
- The sending of inappropriate (as determined by any involved party) text messages between any member of the school community is not allowed.
- Permission must be sought before any image or sound recordings are made on these devices of any member of the school community.
- Users bringing personal devices into school must ensure there is no inappropriate or illegal content on the device.
- Where the school provides mobile technologies such as iPads, phones, laptops for offsite visits and trips, these devices must be used.
- Where members of staff use PMDs to access school services such as email or the intranet, they should not download personal information such as lists of student names to their phone.
- Where members of staff use PMDs to access school services, password protection is mandatory in case of theft or loss. Any staff losing a PMD which is configured for school data services must report the loss to IT Services as soon as practical. The Trust strongly advises staff to install the school's Mobile Device Management software onto the PMD if they have configured their device to school services.

iPad Schemes

Authorised use of mobile devices under this scheme will be covered by the iPad Learning Agreement

Procedures for Handling and Reporting Incidents

Student Online Safety incidents

Many incidents of misbehaviour involving ICT do not lead to actual or potential significant offence, harm or distress. These should be dealt with by our normal discipline procedures. Where the member of staff involved believes the event to be an Online Safety incident, they will follow this procedure:

- Log the incident via email to the Online Safety Coordinator. This fulfils the duty to inform the Online Safety coordinator. This is a neutral log – not a punishment – however follow school procedures with regards to issues that merit further sanction.
- Staff must not investigate an Online Safety incident and should not ask students to forward inappropriate or illegal content.
- If the incident constituted misbehaviour the member of staff must follow standard school procedures.
- The Online Safety co-ordinator investigates and decides whether further action should be taken.
- Further action may include sanctions or education and may involve parents. In extreme cases, it may be necessary to involve outside agencies such as the Police or the local authority.
- The Online Safety Co-ordinator will inform staff as appropriate.

Staff Online Safety incidents

- If a member of staff suspects another member of staff has breached this policy, they should report their concerns to the Designated Safeguarding Lead. This will be investigated to see if further action is needed and report to the Headteacher/CEO. Any internal disciplinary action taken will conform to the Expectations, Code of Conduct and Disciplinary Policy. If a criminal offence has been committed, the details will be passed on to the appropriate authorities.

Social Media

This section of the policy is in place to minimise the risks to our Trust through use of social media.

- This policy deals with the use of all forms of social media, including Facebook, LinkedIn, “X” (formerly known as Twitter), Google+, Instagram, WhatsApp and Snapchat and all other social networking sites, internet postings, blogs and chat apps. It applies to use of social media for business purposes as well as personal use that may affect our Trust in any way.
- This policy covers all employees, officers, consultants, trustees, governors, contractors, volunteers, casual workers, and agency workers.
- This policy ensures the Trust maintains its duty to safeguard children, the reputation of the Trust and those who work for it and the wider community.
- This policy does not form part of any employee's contract of employment, and we may amend it at any time.
- Personal use of social media during working hours is not permitted.
- You must avoid making any social media communications that could damage our business interests or reputation, even indirectly.
- You must not use social media to defame or disparage the Trust, Oatlands Junior School, our staff, students, parents/carers or any third party; to harass, bully or unlawfully discriminate against students, parents/carers, staff or third parties; to make false or misleading statements; or to impersonate colleagues or third parties.
- You must not express opinions on our behalf via social media, unless expressly authorised to do so.
- You must not post comments about sensitive business-related topics, such as school performance, or do anything to jeopardise confidential information and intellectual property.
- You must not accept students or their parent/carers as friends or use social media to send any personal messages to them directly or indirectly – personal communication could be considered inappropriate and unprofessional and may put you and/or your colleagues vulnerable to allegations.

- You are strongly advised not to be friends (on or offline) with recent students (the potential for colleagues at the school to be compromised in terms of content and open to accusations makes the risk not worth taking) and colleagues at the school are also strongly advised not to be friends with students at other schools (on or offline) as this is likely to make them vulnerable to allegations and may be open to investigation by the school or police. Where a colleague is considering not following this advice, they are required to discuss the matter, and the implications with the Headteacher or DSL.
- You must not share any personal information with any student (including personal contact details, personal website addresses/social networking site details) and ensure good safeguarding practice.
- Caution is advised when inviting work colleagues to be “friends” in personal social networking sites. Social networking sites blur the line between work and personal lives, and it may be difficult to maintain professional relationships, or it might be just too embarrassing if too much personal information is known in the work place.
- You must not post or share photographs of students under any circumstances.
- Any misuse of social media should be reported to the Online Safety co-ordinator, DSL or member of SLT.

Guidelines for responsible personal use of social media

- You should make it clear in social media postings, or in your personal profile, that you are speaking on your own behalf. Write in the first person and use a personal e-mail address.
- You must be conscious at all times of the need to keep your personal and professional lives separate. You should not put yourself in a position where there is a conflict between your work for the trust and your personal interests.
- Be respectful to others when making any statement on social media and be aware that you are personally responsible for all communications which will be published on the internet for anyone to see.
- If you disclose your affiliation with us on your profile or in any social media postings, you must state that your views do not represent those of your employer. You should also ensure that your profile and any content you post are consistent with the professional image you present to the community and colleagues.
- If you are uncertain or concerned about the appropriateness of any statement or posting, refrain from posting it until you have discussed it with your line manager. All communication via social networking sites should be made with the awareness that anything said, shown or received could be made available, intentionally or otherwise, to an audience wider than that originally intended.
- You are strongly advised, in your own interests, to take steps to ensure as far as possible that your on-line personal data is not accessible to anybody who you do not want to access it. For example, you are strongly advised to regularly check the security and privacy settings of any social networking site you subscribe to and set these to maximum and, where relevant, use strong passwords and change them regularly.
- If you see social media content that disparages or reflects poorly on the Trust, you should contact the local Headteacher or CEO.

Business use of social media

- There are many legitimate uses of social media within the curriculum and to support student learning – for example, school and faculty-based “X” (formerly known as Twitter) accounts. There are also many possibilities for using social media to enhance and develop students’ learning.
- There must be a strong pedagogical or business reason for creating official school social media sites. Staff must not create sites unnecessarily or for trivial reasons which could expose the Trust to unwelcome publicity or cause reputational damage. As a

guideline, we would expect accounts to be limited to one faculty account. Staff should remember that the greater the number of accounts the greater the risk of those accounts being “hacked”.

- When using social media for educational purposes, the following practices must be observed:
- Staff should set up a distinct and dedicated social media site or account for educational purposes. This should be entirely separate from any personal social media accounts held by that member of staff, and ideally should be linked to an official school email account.
- The URL and identity of the site should be notified to IT Services and a member of SLT before any account is activated.
- The current password or login details for all social media accounts must be provided to a member of SLT who will retain a record of such information.
- The content of any school-sanctioned social media site should be solely professional and should reflect well on the school.
- **Staff must ensure that the school has consent to use, post or publish a photograph or video image of the student.**
- **Staff must ensure that they do not identify a student using their full name. Only first/forenames or initials may be used.**
- Care must be taken that any links to external sites from the account are appropriate and safe.
- Any inappropriate comments on or abuse of school-sanctioned social media should immediately be removed and reported to a member of the SLT.
- Staff should not engage with any direct messaging of students through social media where the message is not public.
- Staff should not seek to view/link up with view student accounts. For example, in the case of “X” (formerly known as Twitter), staff should not “follow back” those who follow, share or like School comments/posts.

Monitoring

We reserve the right to monitor, intercept and review, without further notice, staff activities using our IT resources and communications systems, including but not limited to social media postings and activities, to ensure that our rules are being complied with and for legitimate business purposes and you consent to such monitoring by your use of such resources and systems. The Trust safeguarding policy is annually reviewed, in accordance with the new release of Keeping Children Safe in Education.

15. Local Safeguarding Children Partner Safeguarding Arrangements

Oatlands Junior School will follow NYSCP multi-agency procedures. They have been developed as a framework for services working in child safeguarding within North Yorkshire. They reflect relevant legislation, guidance and the local context in North Yorkshire. Professionals that are or may be involved in the protection of children need to have a working knowledge of these procedures and to refer to relevant sections as required which can be found [here](#).

Oatlands Junior School will follow NYSCP Practice Guidance. This has been agreed as a framework for multi-agency working in child protection across North Yorkshire. It reflects the relevant national legislation, current guidance and local context in North Yorkshire. Professionals that are or may be involved in the safeguarding of children need to have a working knowledge of these documents and to refer to relevant sections as needed. This can be found [here](#)

16. Complaints

Wherever a complaint indicates that a child's safety or wellbeing is at risk, RKLT has a duty to report this immediately to the relevant Local Authority. Any action taken will follow the procedures set out in this policy.

- **Complaints against staff**
Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff.
- **Other complaints**
When concerns are raised, they will be dealt with promptly through a fair, transparent process and without prejudice. Details of RKLT's Complaints Policy can be found [here](#).

17. Whistleblowing

The Trust is committed to achieving the highest possible standards of service and ethical standards and this policy will enable you to raise your concerns of serious wrongdoing without fear of reprisal. The Whistleblowing Policy covers concerns about wrongdoing within the Trust.

18. Monitoring and review

This policy will be reviewed annually by Andrew Beecroft, RKLT Safeguarding Lead. At every review, it will be approved by the Board of Trustees.

Appendix 1 – DSL Job description

Each school will have at least one named DSL. Schools may choose to appoint Deputy DSL's, based on size, phase and context of the school. The following will also apply to them.

Purpose of the role

- To take the lead in ensuring that appropriate arrangements for keeping children and young people safe are in place for the school.
- To always promote the safety and welfare of children and young people.

i. Expectations

The DSL should:
a. Be a senior member of staff from the school's leadership team*
b. Have the appropriate status and authority within the school to carry out the duties of the post.
c. Have the role explicitly set out in their job description.
d. Have the time, funding, training, resources, and support to: • Advise and support other staff on child welfare, safeguarding and child protection matters. • Take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so. • Contribute to the assessment of children.

**The Deputy DSL does not need to be a member of the leadership team.*

2. Main responsibilities

a. Take lead responsibility for safeguarding and child protection (including online safety).
b. Provide advice and staff on child welfare, safeguarding and child protection matters.
c. Liaise closely with children's social care and other services and safeguarding partners.
d. Report regularly to Local Governing Board on issues relating to safeguarding and child protection, to ensure that child protection is seen as an ongoing priority issue and that safeguarding, and child protection requirements are being followed at all levels of the organisation.
e. The DSL should take lead responsibility for online safety and understanding the filtering and monitoring systems and processes in place.

3. Working with others

a. The DSL will liaise with:	
i.	The headteacher – to inform them of issues, especially enquiries under section 47 of the children Act 1989 and police investigation.
ii.	The 'case manager' and the designated officer(s) at the LA – for child protection concerns involving a staff member.
iii.	The senior mental health lead and, where available, mental health support team – where safeguarding concerns are linked to mental health.
iv.	Staff – on matters of safety, safeguarding and welfare (including online and digital safety); when deciding whether to make a referral by liaising with relevant agencies; and as a source of safeguarding support, advice, and expertise for all staff.
v.	Safeguarding partners and act as a point of contact.

b. They will also work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by:	
i.	Knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced.
ii.	Identifying the impact that these issues might be having on children's attendance, engagement, and achievement at school.
c. They will also:	
i.	Act as source of support, advice, and expertise for all staff.
ii.	Promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances.
iii.	Take part in strategy discussion and inter-agency meetings.
iv.	Contribute to the assessment of children.

4. Raising awareness

a.	Ensure each member of staff has access to, understands the school's policy and procedures.
b.	Ensure the policy is reviewed annually and procedures are updated regularly, working with the governing body.

c. Make sure the policy is made public and parents know that referrals about suspected abuse or neglect may be made and the role of the school in this.
d. Link with safeguarding arrangements to make sure staff are aware of training opportunities and latest policies.
e. Share information with staff about the welfare safeguarding and child protection issues that pupils who have, or have had, a social worker are experiencing.

5. Manage referrals

The DSL will refer cases:
a. Of suspected abuse and neglect to the local authority children's social care as required.
b. To the Channel programme where there is a radicalisation concern.
c. Where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required.
d. Where a crime may have been committed to the Police as required.

6. Information sharing and managing the child protection file

The DSL is responsible for ensuring:
a. The child protection files are kept up to date.
b. Information is kept confidential and stored securely. They should also make sure files are only accessed by those who need to see them, and that any information sharing happens in line with the guidance set out in KCSIE.
c. Records include: • A clear and comprehensive summary of the concern. • Details of how the concern was followed up and resolved. • A note of any action taken, decisions reached and the outcome.
d. When children leave the school the child protection file is transferred to the new school as soon as possible.

7. Training, knowledge, and skills

a. Undertake training, at least every two years, to provide them with the knowledge and skills to carry out the role. This should include the LSCP referral pathway.
b. Undertake Prevent awareness training.

c. The DSL and deputies should refresh their knowledge regularly to understand any developments relevant to their roles. This could include: • E-bulletins e.g., LSCP One Minute Guides. • Meeting other DSLs. • Reading up on safeguarding developments.
d. Work closely with the RKLTL Safeguarding Lead to ensure they are kept up to date with safeguarding issues and are fully informed of any concerns about organisational safeguarding and child protection practice.

8. Availability

a. The DSL, or a deputy, should always be available during school hours in term time for staff to discuss any safeguarding concerns. This means: • Staff must know how to contact them. • They should normally be available in person. • In some "exceptional" circumstances it might be acceptable for them to be available via phone or a similar medium. •
b. Out of term time you may wish to devise a rota to have some availability.

9. Support

a. Each DSL will have access to:
i. Regular supervision.
ii. Team meetings and management meetings as arranged.
iii. Training relevant to role, context, and phase.
iv. Regular contact with Trust Safeguard Lead.
v. DSL conference every term.
b. DSL's will be given the time, funding, and resources to fulfil their duties.

Appendix 2 – The Role of the Governing Body

The Local Governing Body should ensure that:

- the school has a whole school approach to safeguarding and that all systems, processes and policies operate with the best interests of the child at their heart.
- the school is aware of and complies with the Local Authority's arrangements to promote co-operation between itself, the school and relevant partners and organisations who are engaged in activities relating to children.
- the school contributes to inter-agency working in line with statutory guidance Working Together to Safeguard Children.
- the school understands the local criteria for action and the local protocol for assessment.
- there is a clear accountability for the commissioning and / or provision of services designed to safeguard and promote the welfare of children.
- there is a senior board level lead to take strategic leadership responsibility for the school's safeguarding arrangements (e.g., nominated governor).
- the school has a child protection policy and procedures in place which are in accordance with government guidance.
- the school has a behaviour policy in place, which includes measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying.
- there is recognition of the expertise that staff build by undertaking safeguarding training and managing safeguarding concerns on a daily basis. Opportunity should therefore be provided for staff to contribute to and shape safeguarding arrangements and child protection policy.
- the child protection policy and procedures are provided to and read by all staff, including temporary staff and volunteers, on induction.
- all staff read at least part one (or Annex A, if appropriate) of KCSIE 2025 and all leaders and staff who work directly with children read Annex B of KCSIE 2025.
- mechanisms are in place to assist staff to understand and discharge their role and responsibilities as set out in Part one of KCSIE 2025 to ensure that all staff understand and follow the policies and procedures adopted by the governing body.
- all staff undertake appropriate child protection training (including online safety).
- a senior member of the school's leadership team is designated to take lead responsibility for safeguarding and child protection (Designated Safeguarding Lead). This is explicit in the DSL's job description (**Appendix 1**) and the need for a deputy DSL is reviewed.
- the DSL has the appropriate authority and the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters, to take part in strategy discussions and inter-agency meetings – and/or to support other staff to do so – and to contribute to the assessment of children.
- information regarding the role of the DSL is provided to all staff and volunteers on induction.
- a designated teacher is appointed and appropriately trained to promote the educational achievement of children who are looked after and have previously been looked after, (children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales,) and should work with the Virtual School Head.

- staff have the skills, knowledge and understanding necessary to keep looked after, and previously looked after children safe.
- appropriate staff have the information they need in relation to a child's looked after legal status.
- the DSL holds information on which children have a social worker so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes and that child protection files are maintained.
- the school accesses a range of advice to help them identify children in need of additional mental health support.
- the school prevents people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, and taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised.
- the school works to the written recruitment and selection policies and procedures in place.
- at least one person on any appointment panel has undertaken safer recruitment training.
- the school works to the staff behaviour policy (code of conduct) which will amongst other things include acceptable use of technologies, staff/pupil relationships and communications including the use of social media. This is provided to all staff, including temporary staff and volunteers, on induction.
- staff and governors adhere to the school's policy on acceptable use of technologies and communication using technologies. [CYPS Information Site](#) includes a model acceptable use policy for staff and governors to sign (in the [NYCC Online Safety Guidance for Schools](#)).
- the school works to the [code of conduct for governors](#).
- the school works to procedures for dealing with allegations of abuse against staff, including supply staff, and volunteers that comply with guidance from the LSCP and locally agreed inter-agency procedures.
- the proprietor/chair of governors liaises with the LADO, Director of HR and/or partner agencies in the event of allegations of abuse being made against the head teacher.
- in the event of allegations of abuse being made against the Headteacher, where the Headteacher is also the sole proprietor of an independent school, allegations are reported directly to the LADO.
- there are procedures in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has harmed or poses a risk of harm to a child or vulnerable adult and the individual has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left.
- as schools increasingly work online that children are appropriately safeguarded.
- children are taught about safeguarding, including online, through teaching and learning opportunities, and recognise that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children, such as those with a diagnosis of autism, might be needed. Schools should consider all of this as part of providing a broad and balanced curriculum. This may include covering relevant issues for schools through Relationships Education (for all primary pupils) and Relationships and Sex Education (for all secondary pupils) and Health Education (for all pupils in state- funded) The statutory RSHE guidance can be found [here](#).
- appropriate filters and appropriate monitoring systems are in place so children are safeguarded from potentially harmful and inappropriate online material being

careful that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.

- ensure that staff undergo regular updated safeguarding training, including in relation to online safety. This training is integrated, aligned and considered as part of the whole school and Trust safeguarding approach.
- all staff and governors recognise that children are capable of abusing their peers (including online).
- A policy and procedures are in place with regards to child on child abuse and followed by all staff (ref KCSIE paras 46 -54 and 144 - 146, and KCSIE Part 5 Child on Child Sexual Violence and Sexual Harassment), all staff should have due regard to this and updated DfE guidance Sexual Violence and sexual harassment between children in schools and colleges (September 2021).
- the school has due regard to the duties to prevent people from being drawn into terrorism and to protect and prepare pupils against the risk of a terrorist attack (there is a definition of terrorism in Annex B- Preventing Radicalisation).
- all staff understand the risk factors regarding female genital mutilation and known cases are reported.
- appropriate safeguarding responses are in place to children who go missing from education (ref KCSIE 177) including the statutory duty to notify the LA, as appropriate, when a pupil's name is about to be deleted from the school admission register.
- **Use of school premises for non-school activities** Where the school rents out school facilities / premises to organisations or individuals, they should ensure that appropriate arrangements are in place to keep children safe. The governing body should seek assurances that the body concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as necessary) KCSIE paras 166 –167 – 156.
- there is an annual review of policies and procedures.
- any deficiencies or weaknesses regarding child protection arrangements, whenever identified, are remedied without delay.
- when there is a safeguarding concern the child's wishes and feelings are taken into account when determining what action to take.
- systems are well promoted, easily understood and easily accessible for children to confidentially report abuse, knowing their concerns will be treated seriously and knowing they can safely express their views and give feedback.
- staff are aware that children with SEN, disabilities, mental health or medical conditions can face additional safeguarding challenges and additional barriers can exist when recognising abuse and neglect in this group of children and this policy links with the schools SEND policy.

Appendix 3 – RKLT Filtering and Monitoring 2025 – 2026

RKLT School:	
Senior Leader responsible:	Name and role:
Filter provider:	Talk Straight/Schools Broadband
The filtering provider is a member of Internet Watch Foundation (IWF).	Y/ N
The filtering provider is signed up to Counter-Terrorism Internet Referral Unit list (CTIRU).	Y/ N
The filtering provider is blocking access to illegal content including child sexual abuse material (CSAM).	Y/ N
The filtering system is operational.	Y/ N
The filtering system is up to date.	Y/ N
The filtering system is applied to all users, including guest accounts.	Y/ N
The filtering system is applied to all school owned devices. (Yes, provided devices are on school premises)	Y/ N
The filtering system is applied to all devices using the school broadband connection.	Y/ N
The filtering system filters all internet feeds, including any backup connections.	Y/ N
The filtering system is age and ability appropriate for the users and be suitable for educational settings.	Y/ N
The filtering system can handle multilingual web content, images, common misspellings, and abbreviations.	Y/ N
The filtering system identify technologies and techniques that allow users to get around the filtering such as VPNs and proxy services and block them.	Y/ N
The filtering system provide alerts when any web content has been blocked.	Y/ N
The filtering system can provide filtering on mobile or app technologies.	Y/ N
The filtering system can allow you to identify device name or ID, IP address, and where possible, the individual.	Y/ N
The filtering system can allow you to identify the time and date of attempted access.	Y/ N
The filtering system provides alerts when any web content has been blocked.	Y/ N

All staff know how to report if: • they witness or suspect unsuitable material has been accessed • they can access unsuitable material • they are teaching topics which could create unusual activity on the filtering logs • there is failure in the software or abuse of the system • there are perceived unreasonable restrictions that affect teaching and learning or administrative tasks • they notice abbreviations or misspellings that allow access to restricted material	Y/N

Appendix 4 – A Framework for Supervision

Introduction

Supervision is a fundamental task that managers will undertake to support the development of their designated staff's skills and practices in the safeguarding practice of children within their care. Following the inquiry of Victoria Climbié, Lord Laming stated that:

“All staff working directly with children must be regularly supervised”.
(Lord Laming: Victoria Climbié Inquiry report 2003)

In 2011 LCC's Education Service was involved in a Learning Lessons Review. The Learning Lessons Review recommended the development and implementation of a Supervision Policy and Accountability Framework for use in schools and clusters.

The Framework provides an understanding about the requirements and processes of supervision.

Supervision

There are different types of supervision, e.g. informal, group and formal. This framework specifically addresses 'formal supervision'. Informal supervision is often ongoing in most effective teams as staff seek advice and help in situations that they deal with on an on-going basis. This is good practice but should NOT replace a formal supervision session.

Significant issues discussed through informal supervision should be recorded properly by the caseworker and revisited at the formal session.

Supervision is a partnership between the supervisee, the supervisor and the setting. Ideally, supervision should always be carried out by the named senior designated leader/officer for child protection in the school, or the identified appropriately trained lead for cluster staff. In some cases, supervision may also be carried out by an external supervisor, such as across Trust schools or through a Clinical Supervision provider. All designated staff across the Trust, irrespective of role should receive supervision.

The Key Functions of supervision are the Three Ps:

1. Performance Management
 - Ensure that safeguarding children, performance and practice is competent, accountable and soundly based on research and practice knowledge.
 - Ensure that safeguarding children practice is consistent with the local safeguarding arrangements and organisational procedures.
 - Ensure that practitioners fully understand their roles and responsibilities and the scope of their professional discretion and authority.
 - To provide reflective space to analyse ongoing work and specific incidents, to assess risk and need and to provide an important check and balance on decision making and planning.
2. Professional Development:
 - Ensure that professional development needs with respect to safeguarding practice are considered and supported.
3. Personal Support:

- To provide reflective space for the supervisee to discuss and work through the personal impact of their role and responsibilities. This should include support to address the emotional impact of the work, where required.

Good supervision involves a balance between all three elements, not always within one session, but certainly over the entire supervision process.

Roles and Responsibility

The Supervisor is responsible for:

- Sharing the responsibility for making the supervisory relationship work.
- Ensuring confidentiality, subject to service user and staff safety.
- Creating an effective sensitive and supportive supervision.
- Providing suitable time and location.
- Agree the timescales within which supervision takes place.
- Eliminating interruptions.
- Maintaining accurate and clear records, including on CPOMS
- Ensuring that the supervision contract has been agreed and reviewed annually.
- Ensuring the Organisation's professional standards are met.
- Ensuring that where a change in line management occurs, a handover process is arranged between all parties concerned.
- Ensuring that issues relating to diversity are addressed constructively and positively and provide opportunity for staff to raise issues about their experience and diversity.

The supervisee is responsible for:

- Sharing the responsibility for making the supervisory relationship work.
- Attending regularly and on time, participating actively and bringing their agenda.
- Accepting the mandate to be supervised, and being accountable for any action.
- Preparing appropriately for supervision sessions.
- Ensuring the recording of supervision is reflective of the particular meeting.
- Ensure that the contract has been agreed and reviewed annually.
- Actively participating in an effective sensitive and supportive supervision.
- Aiming to meet the organisation's professional standards.

Group Supervision

In some cases, it may be necessary or appropriate to conduct a group supervision session, where there may be several staff involved in direct work with a specific child/family. There are many benefits to be gained from group supervision, including problem solving, peer group learning and giving and receiving strong feedback within a supportive setting.

When a group supervision process is used, the roles and responsibilities of the supervisor and supervisees should be the same as outlined above, with the added principles:

- The group should clarify and agree the boundaries of confidentiality.
- The records should reflect that this was a group discussion.

Contract

The contract between a supervisee and supervisor should clearly outline the responsibilities and expectations of both parties, as outlined above. This should be discussed, agreed and signed off at the beginning of the supervisory arrangement. The contract should form part of the supervision records and should be reviewed annually. (See Appendix 4a).

Frequency of Supervision

The frequency of supervision is highlighted on the contract form under the section 'supervisor's responsibilities'.

Good practice indicates that the sessions should be regular and frequent enough to provide the support and oversight needed.

The supervisor and supervisee should agree on the duration and frequency of supervision, taking into account the experience of the supervisee and the complexity of the work. It will be appropriate to arrange for more frequent supervision for staff who are newly qualified or new to Children's Services, but also if there are particular pieces of work which need more time in supervision.

Clinical Supervision

Clinical supervision is also provided for specific staff who are at increased exposure to potentially more frequent and more complex child protection issues. Appropriately experienced colleagues will conduct the clinical supervision and external agencies may be commissioned where appropriate. Designated staff will receive 10 sessions of clinical supervision per year.

Recording

Recording should follow the principle that:

- The contract is the initial record of agreement between both parties.
- All supervision sessions must be recorded by the Supervisor (Appendix 4b must be completed on paper or electrically and retained securely. Appendix 4c is an aide memoire of points to quality assure case files that are discussed during supervision).
- Appendix 2 (Supervision Record) must be signed off and dated by supervisor and supervisee. All records of supervision are confidential and should be stored securely by the supervisor. They will be subject to inspection and audit.
- Records should ensure case management decisions of individual cases through supervision are recorded on the individual CYP and family records held by the organisation (CPOMS). Any hand-written records must be legible.

Quality Assurance

There is a critical link between good quality, regular supervision and good outcomes for safeguarding.

- Supervision files will be subject to inspection and audit which may include checking files to ensure that supervision is taking place.

Entitlement

It is important that supervision is provided. If you are a member of staff who is not receiving supervision at the required frequency during the year they should:

- In the first instance arrange a one to one with their supervisor to discuss and resolve, where possible.
- If they are unable to find a solution, school staff should request a three-way meeting between their supervisor, line manager or the Headteacher/Principal (or in the instance that the Headteacher/Principal is also the supervisor a governor) and supervisee. The difficulties should be discussed and outcomes agreed.

NB: This entitlement should be clearly agreed and defined in the supervision contract agreed by both parties at the start of the supervision process (Appendix 4a: Supervision Contract).

Supervision Contract

Purpose of Supervision

1. Supervision Statement

Supervision is a way of ensuring accountable decision making and safe outcomes for children. The Supervisor's role is to ensure that staff and those directly involved in casework and child protection are coping both physically and emotionally with the demands of the role and are handling the work suitably and professionally. It also provides the worker with a forum to reflect on the content, process and progress of their work. The supervision record will identify agreed action points and we will review these at each supervision session.

Supervision should be undertaken on a regular basis, with designated staff responsible for or working with identified vulnerable children and/or families. It should include selected cases with children who are subject to a Child Protection Care Plan, children with social care involvement, children giving cause for concern, Children Looked After (CLA) and children subject to an Early Help Plan, or where staff are case holders for family support or the case has been de-escalated from social care.

2. Supervisee's Statement

The Designated Safeguarding Officer will attend each session with information and individual case files.

3. Supervision for school staff

Should take place at a minimum interval of once every half term. This may increase if there is a need, supervision should last approximately one hour.

Supervisor's responsibilities and expectations

- The Supervisor will meet with the supervisee a minimum of once every half term and will be located in a confidential space which is appropriate and free from distraction.
- To undertake an open and honest discussion regarding cases that staff are working with.
- Challenging questions will be asked with regard to action and progress and the appropriate referral to other agencies. Questions will also be asked regarding supervisee welfare.
- Discussion will focus on any current identified child protection cases, social care de-escalations and any identified vulnerable child/family where there are general safeguarding issues, or an Early Help Plan.
- Support and professional challenge will be given and supervision will be recorded.
- Discussion around team work and training will be included.

Supervisee's responsibilities

- Open and honest discussion regarding cases that the staff are working with and have responsibility for.

- Implement actions to be taken to protect any child where there is reason to believe a child is at risk or harm.
- Implement actions to meet agreed outcomes for the child/family.

In the event of a Serious Case review (SCR) these records will be used as evidence as part of Internal Management Review (IMR).

In the event there is unsolved conflict/dispute between supervisor and supervisee, both parties will agree to meet together with the Principal or Trust Safeguarding Lead to ensure that any difficulties are satisfactorily resolved. Both parties will ensure that the other is aware in advance that a dispute resolution meeting has been arranged.

CP Designate (supervisee):	
CP Supervisor:	

Since the last supervision, detail whether there has been any:

Sickness absence:

CP/Safeguarding Training:

Agenda

1. Review of agreed Actions from the last meeting.
2. Review of current cases – one selected by the supervisor and one by the supervisee.
 - a. Complete the 'Supervision' category within CPOMS for the case/s discussed.
3. Quality assurance of current CP practice. Are standard school protocols being followed?
4. Number and details of cases escalated to Leeds Children's Social Work Services (CSWS) or North Yorkshire Safeguarding Children's Partnership (NYSCP) this academic year – hence, this will be a running total. See table below
5. CP workload and wellbeing of the CP designate.

Notes

- Have agreed Actions been addressed?

- Are standard protocols being followed in the CP cases discussed during supervision?
- Are there any areas for development or focus (complete table below)?
- Comment on the CP workload and wellbeing of the designate:

Points for development or focus:

CP Designate	By (date):	Supervisor	By (date):

CSWS Cases:

No. of cases reported to CSWS (this academic year)	List of Cases <u>currently</u> open to CSWS (give names)	Are they CIN/CPP?

Name of Student:	

Consider:

- Summary of events since the last supervision
- Identified Risks/Issues?
- Actions taken?
- Safety/Protective factors put into place?
- What is the CP designate’s role/relationship with the family?
- Agreed Actions?

Oatlands Junior School Safeguarding and Child Protection Policy (Including North Yorkshire Local Safeguarding Procedures)

Text highlighted in green should be reviewed and adapted to your individual school's context. For simplicity, the term 'school', 'headteacher', 'governors' and governing body has been used throughout and should be adapted to suit your context.

Confirmation has been received that KCSIE 2025 will undergo technical changes only prior to its final publication and therefore it is not anticipated that there will be a need for significant changes to this document in September 2025, although we cannot guarantee this. Any changes will be communicated with schools as soon as the final version of KCSIE 2025 is available.

Last updated 10th July 2025

Oatlands Junior School Child Protection Policy

(Adapted from the North Yorkshire Safeguarding Children Partnership Sample School Child Protection Policy)

4. Introduction and Aims

This policy applies to all adults, including volunteers, working in or on behalf of the school. It will provide a framework for staff to meet their statutory duties and to ensure consistency of good practice. Our policy and procedures also apply to extended school provision and off-site activities.

This policy has been devised in accordance with the Department for Education's Statutory Guidance Keeping Children Safe in Education (2025) and Working Together to Safeguard Children 2023. We comply with this guidance and the arrangements agreed with North Yorkshire local safeguarding partners. It is also based on the principles established by the following statutory legislation and guidance.

Department for Education's [statutory guidance](#) publications for schools and local authorities, including:

[Working Together to Safeguard Children](#) (2023)

[Keeping Children Safe in Education](#) (2025)

[Designated teacher for looked-after and previously looked-after children](#) (2018)

[Human Rights Act](#) (1998) and [Equality Act](#) (2010), including the Public Sector Equality Duty

[Data Protection Act](#) (2018) and [UK GDPR](#)

[Prevent Duty Guidance](#) (2023)

[NYSCP \(safeguardingchildren.co.uk\)](#)

Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children and their families and carers has a role to play. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child centred. This means that they should consider, at all times, what is in the **best interests** of the child.

Safeguarding includes the establishment and implementation of procedures to protect children from deliberate harm, however, safeguarding also encompasses all aspects of pupils' health, safety and well-being.

Safeguarding and promoting the welfare of children means:

Safeguarding and promoting the welfare of children - defined for the purposes of this guidance as: '**Working Together to Safeguard Children (2023)**'

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
- Preventing impairment of children's mental and physical health or development.

- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- Promoting the upbringing of children with their birth parents, or otherwise their family network through a kinship care arrangement, whenever possible and where this is in the best interests of the children.
- Taking action to enable all children to have the best outcomes in line with the outcomes set out in the Children's Social Care National Framework.

Child Protection - Part of safeguarding and promoting welfare. This refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Abuse - A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill-treatment that is not physical as well as the impact of witnessing ill-treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear, or experience its effects. Children may be abused in a family or in an institutional or extra-familial contexts by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

(Children includes everyone under the age of 18 or 25 if a care leaver).

5. School Commitment and Values

Our commitment to our children

Oatlands Junior School is committed to ensuring the welfare and safety of all children in our school. We will protect and support all our children including our vulnerable children, children who need support through early help, children in need and children who have a child protection plan.

We recognise that children who are abused may find it difficult to develop a sense of self-worth and to view the world in a positive way. Whilst at school, their behaviour may be challenging. We recognise that some children who have experienced abuse may harm others. We will always take a considered and sensitive approach in order that we can support all of our pupils.

We will adopt a child-centred approach to our work, we will act in the best interests of our children, and we will ensure that everyone is aware of their safeguarding responsibilities.

The school will, normally, endeavour to discuss all concerns with parents or carers about their child or children. However, there may be circumstances when the school will discuss concerns with Social Care and/or the Police without parental knowledge (in accordance with child protection procedures and in line with Part 2 of KCSIE). The school will, of course, always aim to maintain a positive relationship with all parents. This school's child protection policy is available publicly via our website including through our accessibility webpage : <https://www.oatlandsjunior.co.uk/accessibility/>

6. Roles and Responsibilities

a) Governors

The Governing Body have a strategic leadership responsibility for safeguarding and will comply with their duties under the legislation and guidance. They will facilitate a whole school approach to safeguarding and ensure that safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development and that all systems, processes, and policies operate with the best interests of the child at their heart.

The Governing Body is responsible for all aspects of the implementation, maintenance and review of this policy and will ensure that staff will receive appropriate levels of training and support to undertake their roles as outlined in this policy and that a log of their training is maintained. Governors will ensure that all safeguarding related policies and procedures are transparent, clear and easy to understand for staff, visitors, pupils, parents and carers.

The Governing Body is responsible for ensuring the following:

- There are appropriate policies and procedures in place that promote child wellbeing and safeguarding including:
 - Child protection and safeguarding policy (this document),
 - Behaviour policy and anti-bullying policy and positive handling policy
 - Children with health needs who cannot attend school policy.
 - Intimate care policy
 - Special Educational Needs and Disability (SEND) policy.
 - Health and safety policy
 - Supporting pupils with medical conditions policy
 - Staff behaviour policy/code of conduct
 - Safeguarding response to children who go absent from education policy.
 - Mental health policy
 - Whistleblowing policy
 - Mobile and smart technology policy
 - Policy on employment of ex-offenders
 - Low-level concerns procedures/Managing allegations against staff policy.
 - Attendance policy
 - Suicide and self-harm policies
 - Procedures for managing child-on-child abuse.
 - Procedures for managing sexual harassment and sexual violence.
 - Educational visits policy
 - Recruitment and Selection Policy and Procedures
 - PSHE, including RSE/safeguarding curriculum policy.
 - Policy on how long school registers will remain open and procedures for pupil absence.

- These policies, along with Part 1, Part 5, and Annex B of KCSIE and information on the role and identity of the DSL is provided to all staff on induction. A proportionate and risk-based approach will be taken to the level of information that is provided to temporary staff, volunteers, and contractors.
- A designated teacher for looked-after and previously looked-after children is in place.
- We have sought assurances that Child Protection Files are maintained in line with Annex C of KCSIE.
- Appropriate Safer Recruitment Procedures are in place in line with Part 3 of KCSIE 2025, that adequate safer recruitment training has been undertaken and that procedures are embedded and effective.
- The school holds more than one emergency contact number for each pupil (where reasonably possible).
- That appropriate risk assessments that keep children safe are in place with assurance that mitigations are followed.
- This child protection and safeguarding policy reflects the whole school approach to child-on-child abuse, including child-on-child sexual violence and sexual harassment, regardless of whether or not this has been reported.
- The child protection procedures are in accordance with government guidance and refer to the North Yorkshire multi-agency safeguarding arrangements.
- These procedures reference online safety, including in relation to filtering and monitoring and special educational needs and disabilities discretely.
- The school has appropriate safeguarding arrangements in place to respond to children who are absent from education, particularly for prolonged periods of time and/or on repeat occasions.
- Staff safeguarding training (including online safety and also an appropriate understanding of the expectations, applicable roles, and responsibilities in relation to filtering and monitoring) is integrated, regular, aligned and considered as part of the whole school safeguarding approach and wider staff training and curriculum planning, particularly during induction.
- All Governors receive appropriate safeguarding and child protection (including online) training that equips them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in school are effective and support the delivery of a robust whole school approach to safeguarding, that this training is regularly updated and that training records are maintained.
- The school contributes to multi-agency working in line with [Working Together to Safeguard Children](#) and meets their statutory duty to co-operate and will act in accordance with the arrangements published by the Safeguarding Partnership.
- That access is allowed to children's social care services from the host local authority, and where appropriate, a placing local authority, to conduct, or consider whether to conduct, a Section 17 (S17) or a Section 47 (S47) assessment.
- That children are taught about safeguarding, including online safety, and recognise that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some children with SEND might be needed.
- That the school has an appropriate online filter system in place in order to safeguard children from potentially harmful and inappropriate online material whilst accessing school technology and that the school does all they reasonably can to limit children's exposure to the above risks from the school's IT system.

- That online access is routinely and rigorously monitored by all staff in addition to the monitoring that is carried out to check that the school's filtering system is working and fit for purpose.
- That the DSL is a member of the School Leadership Team (SLT), is adequately trained to carry out their role and is provided with adequate time to fulfil their role. Furthermore, the governing body is responsible for ensuring that role of the DSL is explicit in the individual's job description and that their job description is in line with KCSIE 2025 Annex C.
- This policy is reviewed annually (as a minimum) and updated if needed and made available publicly via the school website.

Additionally, the chair of governors is responsible for receiving concerns/allegations about the headteacher or principal and agreeing any appropriate course of action for investigation. This includes liaison with the Local Authority Designated Officer (LADO) if the matter meets the criteria for being considered as an allegation.

To carry out their role, the governing body is responsible for ensuring that they understand the following:

- Their obligations under the Human Rights Act 1998 and the Equality Act 2010 (including the Public Sector Equality Duty) specifically those outlined in KCSIE 2025 para 84-91. All governors are responsible for reading and ensuring that para 84-91 of KCSIE 2025 are adhered to.
- The obligations under the Data Protection Act 2018 and UK General Data Protection Regulation (UK GDPR), and the duty to process personal information fairly and lawfully and to keep the information they hold safe and secure. All governors are responsible for reading and ensuring that para 92-93 and 114-122 of KCSIE 2025 are adhered to.

b) The Headteacher

The Headteacher will support staff and governors to understand their individual roles and responsibilities by ensuring that:

- All safeguarding related policies and procedures approved by the Governing Body are fully implemented and followed by all staff, pupils, and visitors.
- They liaise with the LADO and partner agencies in the event of allegations being made against a member of staff or volunteer other than themselves (this role sits with the chair of governors in the event of an allegation being made against themselves).
- They ensure all staff (including themselves) receive appropriate safeguarding and child protection training which is regularly updated.
- They provide adequate support and resources for the DSL to be able to fulfil their role, including ensuring cover for this role should the named person be absent or away from school.
- The curriculum that is in place supports children to understand how to keep themselves safe, including online.
- They promote a strong, open and positive culture of safeguarding across the school.

c) The Designated Safeguarding Lead (DSL) and Deputies

The roles and responsibilities for the DSL for this school are set out in full in KCSIE 2025 Annex C. Governors and the Headteacher are responsible for ensuring that the DSL is given adequate resources to fulfil their role. However, it is also the responsibility of the DSL to share any concerns that they have if they feel that they do not have the capacity or capability to fulfil their role fully and effectively.

The DSL and Deputies are responsible for following the guidance as laid out in Annex C of KCSIE 2025 (pages 171-177), pertaining specifically to the following.

- Management of referrals
- Working with others
- Information sharing and managing the child protection file.
- Raising awareness
- Training, knowledge, and skills
- Providing support to staff
- Understanding the views of children
- Holding and sharing information

Furthermore, the DSL and Deputies must ensure that they make themselves available to respond to urgent safeguarding matters and for ensuring that they comply with statutory duties in line with Annex C.

d) The Designated Teacher

In line with Sections 4-6 of the Children and Social Work Act 2017, the Designated Teacher is responsible for.

- Promoting the educational achievement of children who have left care through adoption, special guardianship, or child arrangement orders or who were adopted from state care outside England and Wales.
- Ensuring that they have the appropriate training and the relevant qualifications and experience.
- Working with the **Virtual School Head**, to discuss how funding can be best used to support the progress of looked-after children in the school to meet the needs identified in the child's personal education plan and to promote the educational achievement of previously looked after children.

e) The Senior Mental Health Lead

The mental health lead is responsible for creating a whole-school approach to supporting mental health and wellbeing by;

- developing a whole-school approach to support mental wellbeing.
- promoting good mental health and emotional wellbeing for pupils and staff.
- ensuring clear processes to report mental health concerns.
- ensuring clear processes for managing mental health concerns.
- delivering appropriate training.
- liaising with the DSL where a mental health problem could indicate that a pupil has suffered or is at risk of suffering abuse, neglect, or exploitation.

f) All School Leaders, Staff and Volunteers

All School staff are responsible for ensuring that they:

- Understand that where a child is suffering, or is likely to suffer from harm, it is important that a referral to local authority children's social care (and if appropriate the police) is made immediately and know how to make a referral in the unlikely event that they are unable to speak with the DSL or deputy DSL.
- Understanding that 'it could happen here' and remain vigilant to signs and indicators.
- Know the systems in school which support safeguarding and ensuring that these are explained to them as part of staff induction. This includes the;
 - Child protection policy
 - Behaviour policy
 - Staff behaviour policy/code of conduct
 - Safeguarding response to children who are absent from education, particularly on repeat occasions and / or for prolonged periods.
 - Role of the DSL (including the identity of the DSL and deputies).
- Have read and confirmed that they have received, read, and understood the school safeguarding policies and procedures for at least Part 1, Part 5, and Annex B of KCSIE 2025 (or Annex A, if appropriate).
- Have read and understood this policy and how it relates to KCSIE 2025.
- Are aware of their local early help process and understand their role in it.
- Are aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989, especially Section 17 (S17) and section 47 (S47) that may follow a referral, along with the role they might be expected to play in such assessments.
- Know what to do if a child tells them he/she/they is/are being abused, exploited, or neglected.
- Know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, such as the DSL and children's social care. Staff never promise a child that they will not tell anyone about a report of any form of abuse, as this may ultimately not be in the best interests of the child.
- Are able to reassure victims that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting abuse, sexual violence, or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.
- Are aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. This will not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. Staff will always determine how best to build trusted relationships with children and young people which facilitate communication.
- Understand that they have a responsibility to provide a safe environment in which children can learn.
- Are prepared and trained to identify and support children who may benefit from early help.

7. Working Together to Safeguard Children, Our Multi-Agency Commitment

Our school is a committed partner to the North Yorkshire Safeguarding Children Partnership (NYSCP) and the North Yorkshire Community Safety Partnership (NYCSP) and is committed to understanding its pivotal role in multi-agency safeguarding arrangements in line with the statutory guidance 'Working Together to Safeguard Children 2023.'

The school is aware of and will always act in line with the North Yorkshire Local Yorkshire Safeguarding procedures included within this document.

Furthermore, we commit to:

- Understanding and following the processes for early help assessments and the criteria, including level of need, for when cases should be referred for assessment and for statutory services under S47 and S17.
- Understanding and following the procedures and processes for cases relating to exploitation of children, children managed in the youth secure estate and disabled children.
- Working with social care, the police health services, and other services to promote the welfare of children and protect them from harm, including providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.
- Providing robust professional challenge to all multi-agency partners and responding positively when challenge is offered to us in the best interests of the child.

8. Information Sharing

We recognise that information sharing is vital in identifying and tackling all forms of abuse, neglect and exploitation, in promoting children's welfare, including educational outcomes. We understand our powers and duties to share, hold and use information for these purposes.

We understand that The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about the sharing of information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

Furthermore, we commit to:

- Ensuring that arrangements are in place to set out the processes and principles for sharing information within the school, with children's social care, safeguarding partners and other organisations, agencies and practitioners as required.
- Sharing of information as early as possible to help identify, assess, and respond to risks or concerns regarding the safety and welfare of children.

9. Staff Training

All staff undergo safeguarding and child protection training (including Prevent online safety, which includes an understanding of the expectations, applicable roles, and responsibilities in relation to filtering and monitoring) at induction. This training is regularly refreshed. Induction and training is in line with any advice from the safeguarding partners.

All staff receive additional safeguarding and child protection training via course available on the online training platform; weekly emails or reading, scenario discussion in staff meetings, e-bulletins, contextual updates and knowledge checks as required, and at least annually, to ensure that all staff have the relevant skills and knowledge to safeguard children effectively.

The designated safeguarding lead (and any deputies) undergo training to provide them with the knowledge and skills required to carry out the role. This training is updated at least every two years. The designated safeguarding lead and deputy designated safeguarding leads, also undertake Prevent awareness training.

A safeguarding training log is held in the school recording the training that has been undertaken by the DSL, all staff, volunteers, contractors and other third parties and governors. This log is monitored and updated regularly.

10. Opportunities to teach safeguarding

- Oatlands Junior School teaches about safeguarding, including online safety and healthy relationships and recognises that effective education is tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse and children with special educational needs or disabilities.
- The safeguarding curriculum is considered as part of providing a broad and balanced curriculum, including covering relevant issues for schools through Relationships Education (for all primary pupils) and Health Education. In teaching these subjects we commit to ensuring that we comply with statutory guidance.
- We recognise that school plays a crucial role in preventative education, in the context of a whole-school approach that prepares pupils for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobia and sexual violence/harassment. We have a clear set of values and standards, these are upheld and demonstrated throughout all aspects of school life. They are underpinned by the school's behaviour policy and pastoral support system, as well as by a planned programme of effective PSHE delivered as a spiral curriculum and reinforced throughout the whole curriculum. Our programme is fully inclusive and developed to be age and stage of development appropriate (particularly when considering the needs of children with SEND and other vulnerabilities).
- Where we invite external organisations and / or visitors to enrich our safeguarding curriculum, we ensure that we review the educational value and age appropriateness of what they will deliver.

- Our programme tackles safeguarding issues (at an age-appropriate stage) in line with KCSIE 2025 para 128-133 and the latest DfE guidance on Relationships, Sex, and Health Education.

11. Online Safety

Oatlands Junior School has an effective whole school approach to online safety which includes ensuring an understanding of:

- Roles and responsibilities in relation to filtering and monitoring and the use of AI.
- Educating pupils, students, and staff in their use of technology in line with the taught safeguarding curriculum (outlined above) and ensuring that staff understand the four areas of risk for online safety outlined in para 135 of KCSIE 2025.
- Mechanisms to identify, intervene in, and escalate any concerns where appropriate.

Oatlands Junior School is committed to considering how online safety is reflected in:

- all relevant policies
- the planning of the curriculum
- staff training
- the roles and responsibilities of the DSL and all staff
- Information and guidance provided to parents.

12. Use of Mobile and Smart Technology in School

- Oatlands Junior School recognises the importance of having clear policies on the use of mobile devices and smart technology (mobile phones, cameras and smart devices, including smart watches and fitness watches) to safeguard our pupils.
- We carefully consider how these devices and technology are managed on our premises and therefore our school policies include the use of Mobile devices/Smart Technology.

13. Remote Education

- Where children are being asked to learn online at home, the school will use the information provided by DfE, NSPCC and PSHE Association to do so safely; and our regular communications with parents and carers will be used to reinforce the importance of children being safe online and we will help them understand what systems school is using to filter and monitor online use. We will ensure that parents and carers are aware of what their children are being asked to do online, including the sites they will be asked to access and be clear who from the school (if anyone) their child is going to be interacting with online.

14. Online Information Security, Filters, Access and Monitoring

- Oatlands Junior School has appropriate filters in place to reasonably limit exposure to risks from the use of school's or college's technology. In applying appropriate controls, we consider the number of and age range of our children, those who are potentially at greater risk of harm and how often children are accessing technology. Filtering is monitored routinely to ensure that it is working in line with the factors outlined above. This is recorded and shared with governors. The appropriateness of any filters and monitoring systems will be informed in part, by the risk assessment required by the Prevent Duty.
- Staff are trained to understand their role in ensuring that they remain vigilant to the risks associated with accessing technology within school and understand their role in monitoring pupil use as part of their role as much as is reasonably possible.
- The governing body commits to ensuring that appropriate filters and monitoring systems are in place, without "over blocking" to avoid unreasonable restrictions as to what children can access to use technology effectively to support their learning.
- The governing body have reviewed the [Department of Education filtering and monitoring standards](#) and [Cyber Security standards for Schools and Colleges](#) and ensured that what needs to be done to meet this standard has been implemented.
- The leadership team and relevant staff have an awareness and understanding of the provisions in place and manage them effectively and know how to escalate concerns when identified.
- Oatlands Junior School will apply the appropriate level of security protection and procedures in place, in order to safeguard our systems, staff and children. These arrangements will be reviewed periodically to ensure their effectiveness and to keep up to date with evolving cyber-crime technologies.
- Oatlands Junior School will carry out an annual review of our approach to online safety, including the use of AI and filtering and monitoring. This will consider and reflect the risks our children face.

15. Artificial Intelligence (AI)

- Generative AI is one type of AI. It refers to technology that can be used to create new content based on large volumes of data that models have been trained on a variety of sources.
- ChatGPT, Microsoft Copilot and Google Gemini are generative AI tools, built on large language models (LLMs). LLMs are a category of foundation models trained on large amounts of data, enabling them to understand and generate human-like content.
- Oatlands Junior School recognises that AI has many uses, including enhancing teaching and learning and in helping to protect and safeguard pupils. However, AI also has the potential to facilitate abuse (e.g. through bullying and grooming), allowing for false accusations to be made against other pupils or staff (e.g. through the use of 'deepfakes') and/or expose pupils to harmful content. We will respond to any misuse of AI in line with this policy and our anti-bullying, online safety and behaviour policies.

- Safety is our main priority when deciding whether to use generative AI in our setting. Any use of generative AI by staff and pupils will be carefully considered and assessed, evaluating the benefits and risks of use in its education setting. Oatlands Junior School uses the appropriate DfE guidance and policy for AI including [Generative artificial intelligence \(AI\) in education](#), [Using AI in education settings: support materials - GOV.UK](#) and [Using AI in education: support for school and college leaders - GOV.UK](#)

16. External Monitoring of Safeguarding, including Ofsted Inspections

- The governing body is aware of the Ofsted Education Inspection Framework and the guidance to inspectors on inspecting safeguarding and commit to ensuring that internal safeguarding procedures are in line with the requirements laid out within this guidance.
- The governing body will seek to explore opportunities for external monitoring of the school's safeguarding processes and expect all staff to engage positively with any external safeguarding monitoring that the school chooses to commission.

17. Safeguarding Concerns or Allegations about any Staff, Volunteers, or Contractors

- Oatlands Junior School has procedures in place to manage any safeguarding concerns (no matter how small) and provides training to staff so that they understand their responsibility to demonstrate professional curiosity and challenge.
- Concerns and allegations that may meet the harm threshold will be addressed as set out in Section one of Part 4 of KCSIE and in line with local NYSCP procedures.
- All allegations about staff, volunteers and/or contractors should be reported without delay to the headteacher or principal. Where there is a conflict of interest in reporting the matter to the headteacher, this should be reported directly to the local authority designated officer(s) (LADO).
- Where the headteacher is the subject of an allegation, the report should be made directly to the chair of governors.
- Part 4 of KCSIE sets out the definition of an allegation:

Where it is alleged that a person who works or volunteers with children has:

- behaved in a way that has harmed a child, or may have harmed a child, and/or
 - possibly committed a criminal offence against or related to a child, and/or
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- Concerns that do not meet the harm threshold against staff including supply staff and volunteers and contractors (known as Low Level Concerns) will be

addressed as set out in Section 2 of Part Four of KCSIE and in line with local NYS CP procedures. Oatlands Junior School will record any low-level concerns through 'Staff Safe' on CPOMS.

- The governing body is aware that there is a legal duty in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned and failure to refer when the criteria are met is a criminal offence.

18. Addressing Child-on-Child Abuse, including Sexual Violence and Sexual Harassment

- All staff are trained to recognise that children are capable of abusing other children (including online). We expect all staff to read Part 5 of KCSIE 2025 to ensure that they have a secure understanding of the types of abuse that can occur, including harmful sexual behaviour between children.
- This Child Protection and Safeguarding Policy is accompanied by procedures that identifies how we will address child-on-child abuse and minimise the risk of this occurring by:
 - Implementing a curriculum that teaches children about healthy relationships and positive influences in an age-appropriate way and signposts children as to what to do if they think they are in an unhealthy relationship or need to address negative influences.
 - Ensuring that there are systems in place for children to confidently report abuse, knowing their concerns will be treated seriously which are well promoted, easily understood and easily accessible.
 - Having clear processes of how allegations of child-on-child abuse will be recorded, investigated, and dealt with in line with Part 5 of KCSIE 2025.
 - Having clear processes as to how victims, perpetrators and any other children affected by child-on-child abuse will be supported.
 - Training staff to recognise that even if there are no reported cases of child-on-child abuse, such abuse may still be taking place (and probably is) and is simply not being reported.
 - Making clear our zero-tolerance approach to abuse, in line with Part 5 of KCSIE 2025.
 - Recognising that it is more likely that girls will be victims and boys' perpetrators, but that all child-on-child abuse is unacceptable and will be taken seriously.

19. Identifying Children and Young People who may Need Early Help

Early help is support for children of all ages that improves a family's resilience and outcomes or reduces the chance of a problem getting worse. It is not an individual service, but a system of support delivered by local authorities and their partners working together and taking collective responsibility to provide the right provision in their area. Some early help is provided through "universal services", such as education and health services. They are universal services because they are available to all families, regardless of their needs.

Other early help services are coordinated by a local authority and/or their partners to address specific concerns within a family and can be described as targeted early help. Examples of these include parenting support, mental health support, youth services, youth offending teams and housing and employment services.

Early help may be appropriate for children and families who have several needs, or whose circumstances might make them more vulnerable. It is a voluntary approach, requiring the family's consent to receive support and services offered. These may be provided before and/or after statutory intervention (Working Together to Safeguard Children 2023).

Oatlands Junior School will support local organisations and agencies to work together to support families within the early help service and will:

- Identify children and families who would benefit from early help.
- Undertake an assessment of the need for early help which considers the needs of all members of the family.
- Ensure good ongoing communication, for example, through regular meetings between practitioners who are working with the family.
- Co-ordinate and/or provide support as part of a plan to improve outcomes. This plan will be designed together with the child and family and updated as and when the child and family needs change.
- Engage effectively with families and their family network, making use of family group decision-making to help meet the needs of the child.

20. Identifying Children and Young People who are Suffering or Likely to Suffer Significant Harm

Our staff understand that behaviours linked to issues such as drug taking and/or alcohol misuse, unexplained and/or persistent absences from education, serious violence (including that linked to county lines), radicalisation and consensual and non-consensual sharing of nude and semi-nude images and/or videos can indicate that children are at an increased risk of harm.

Our requirements of staff are aligned to para 19-28 of KCSIE 2025, to ensure that:

- All staff understand abuse, neglect or exploitation.
- All staff are aware of indicators of abuse, neglect or exploitation to assist in the early identification of abuse, neglect or exploitation.
- All staff are aware that harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others, for example, all forms of domestic abuse.
- If staff are unsure, they understand that they must speak to the designated safeguarding lead, or deputy.
- All staff are aware that abuse, neglect, exploitation and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore staff should always be vigilant and always raise any concerns with their designated safeguarding lead (or deputy).

- All staff are aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside of these environments.
- All staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse, neglect or exploitation in situations outside their families.
- All staff are aware that technology is a significant component in many safeguarding and wellbeing issues.

In all cases, if staff are unsure, they must always speak to our designated safeguarding lead (or deputy) who will follow the child protection procedures. Where a child is suffering, or is likely to suffer from harm, the DSL will complete a referral to the local authority children's social care team (and if appropriate the police).

21. Supporting Children and Young People Potentially at Greater Risk of Harm

We ensure that all staff understand that whilst all children should be protected, we also recognise that some groups of children are potentially at greater risk of harm, including those with a social worker. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour, and mental health, we ensure that all staff understand the full impact of this and are trauma informed in their approach to all children.

Furthermore, for children potentially at risk of further harm, we commit to:

- Working with the Local Authority and other statutory and non-statutory partners to make decisions in the best interests of the child's safety, welfare, and educational outcomes.
- Taking swift and decisive action where there are early indicators of potential harm such as, responding to unauthorised absence or children absent from education where there are known safeguarding risks.
- Ensuring appropriate and swift sharing of information with partners in line with information sharing legislation.
- Promoting the welfare of our children potentially at greater risk of harm in a holistic way (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).

22. Children Absent from Education

We will follow our procedures for unauthorised absence and for dealing with children who are absent from school or missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including exploitation, and to help prevent the risks of going missing in future.

This includes informing the local authority if a child leaves the school without a new school being named and adhering to requirements with respect to sharing

information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

23. Elective Home Education (EHE)

We recognise that many home educated children have an overwhelmingly positive learning experience and expect the parents' decision to home educate be made with their child's best education at the heart of the decision. However, this is not the case for all, and home education can mean some children are less visible to the services that are there to keep them safe and supported in line with their needs.

We will not suggest EHE to parents as we recognise this as off-rolling. Where parents request information regarding EHE we will arrange a pre-decision meeting with the EHE adviser, parents and any involved professionals. We will ensure parents have an informed understanding of EHE and their legal duty to provide a full-time suitable education. We will ensure parents are aware that they will be subject to informal enquires around the education in place and where the EHE Adviser is not satisfied, parents may face legal intervention. On occasions where parents do request to EHE after the meeting we will submit the Notification to EHE form to the Local Authority (LA) and only when this is accepted by the Local Authority will we delete the child from our admission register and remove the child from our roll. This is in line with LA policy.

24. Supporting Children Requiring Mental Health Support

We recognise that the school has an important role to play in supporting the mental health and wellbeing of their pupils and recognise that Mental Health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. We recognise also that poor mental health can pose a significant safeguarding risk for children.

Furthermore, we commit to:

- Ensuring that clear systems and processes are in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems and there is an integrated, whole school approach to social and emotional wellbeing, which is tailored to the needs of our pupils.

25. Supporting Looked After Children, Previously Looked After Children, Including Care Leavers and Children in Kinship Care

We will ensure that staff have the skills, knowledge and understanding to keep looked after children safe and they understand that the most common reason for children becoming looked after is as a result of abuse, neglect and/or exploitation. We will ensure that staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order) and the child's contact arrangements with birth parents or those with parental responsibility.

Furthermore, we commit to:

- Ensuring that staff are aware that a previously looked after child potentially remains vulnerable and have the skills, knowledge and understanding to keep previously looked after children safe.
- Sharing information swiftly with social workers, the virtual school, care leavers personal advisors and other key partners.

26. Supporting Children with Special Educational Needs, Disabilities (SEND) or Health Issues

Oatlands Junior School recognise that additional barriers can exist when recognising abuse, neglect or exploitation for some children with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges.

Furthermore, we commit to:

- Training staff to understand the additional barriers that can exist for some children with special educational needs or disabilities (SEND) or certain health conditions.
- Ensuring that we consider what additional and different measures we can put in place to support these children to recognise and communicate abuse, neglect or exploitation.
- Adhering to the safeguarding guidance laid out in the SEND code of practice and the supporting pupils at school with medical conditions guidance.

27. Alternative provision and Children at risk of exclusion

Oatlands Junior School recognises that the cohort of pupils in Alternative Provision often have complex needs, and we are aware of the additional risk of harm that our pupils may be vulnerable to. We will have regard for DfE statutory guidance for commissioners of Alternative Provision and will work to local protocols.

When considering use of exclusion or suspension Oatlands Junior School is mindful of the exclusions and suspensions [guidance](#) and aware of the potential negative impact of exclusion on mental health and safeguarding risk of being excluded from school. We will consider the preventative measures to exclusion outlined in para 32-52 of 'Suspension and permanent exclusion from maintained schools, academies and pupil referral units in England, including pupil movement Guidance for maintained schools, academies, and pupil referral units in England August 2024'.

We recognise that all pupils have a legal right to full-time education. We will only use a part-time timetable in exceptional circumstances once all other support/interventions have been attempted to enable a pupil to attend on a full-time basis. We will liaise with other services before making this decision. We will not use a part-time timetable as a solution to behavioural problems and or as a sanction as we recognise this is illegal. We will review part-time timetables on a regular basis and where they are not having the desired impact of improving school attendance we will bring the part-time timetable to an end. If a child is due to attend a particular session as part of the agreed part-time timetable and does not attend, we will record this as unauthorised absence and carry out our welfare checks in line with our standard processes and in line with [Working together to improve school attendance \(applies from 19 August 2024\)](#).

We recognise that parents can request flexi-schooling but that parents do not have a legal right to flexi-school. Any flexi-schooling requests will be considered by the headteacher who will consider the benefits and risks of the agreement, not only to the child's education, but also the child's welfare and wellbeing. The headteacher will also consider the current attendance of the individual and record absence in line with [Working together to improve school attendance \(applies from 19 August 2024\)](#).

Where concerns have previously been raised around attendance, this is identified as a risk and the headteacher may refuse the request on this basis.

28. Supporting Children who are Lesbian, Gay, Bi, or Trans (LGBTQ+)

Whilst the fact that a child or a young person who may be LGBTQ+ is not in itself an inherent risk factor for harm, we recognise that children who are LGBTQ+ can be targeted by other children and may not have a trusted adult with whom they can be open.

Therefore, we commit to ensuring that our curriculum prepares children for life in modern Britain and to creating an inclusive environment where LGBTQ+ children feel safe to raise any concerns.

29. The use of 'Reasonable Force' to Safeguard Children

'Reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. 'Reasonable' in these circumstances means 'using no more force than is needed.' The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. We will ensure that our staff are trained in positive handling to ensure that they are able to undertake this role safely and in line with government guidance.

The school does not have a 'no contact' policy as this can leave staff unable to fully support and protect their pupils and students. The school adopts policies, which allow and support the staff to make appropriate physical contact. The decision on whether or not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned within the context of the law and should always depend on individual circumstances including consideration of whether the child has Special Educational Needs or Disabilities (SEND), mental health or with a medical condition. These decisions will also align with our duties under the Equality Act 2010 and the Public Sector Equality Duty and align with the statutory guidance [Use of reasonable force in school](#).

30. Boarding Facilities N/A

As our school includes boarding facilities, there are additional factors to consider regarding safeguarding. Staff are trained to be alert to signs of abuse and work closely with any Local Authorities that have children placed within our school.

Furthermore, we commit to ensuring that we are:

- Alert to the extra vulnerabilities of children with SEND.
- Vigilant in reporting inappropriate relationships or where behaviours are a cause for concern.
- Aware of the additional potential for child-on-child abuse, particularly where there are significantly more girls than boys or vice versa within our boarding facilities.
- Proactive in sharing information with statutory partners, including where children reside outside North Yorkshire Local Authority when not attending boarding school.
- Compliant with the additional safeguarding requirements relating to National Minimum Standards and regulations for all schools and colleges with residential provision for children.
- Compliant with Standard 13 in National Minimum Standards for residential special schools. [Residential special schools national minimum standards](#)
- Compliant with the standards of the relevant regulatory body (SCCIFF/DfE NMS/CQC).

31. Use of School Premises for Non-School Related Activities N/A

When we hire or rent out school facilities/premises to organisations or individuals (for example to community groups, sports associations and service providers to run community or extra-curricular activities) we will ensure that appropriate arrangements are in place to keep children safe.

When services or activities are provided by the school, under the direct supervision or management of our school staff, this child protection and safeguarding policy will apply in relation to any safeguarding concerns or allegations.

Where services or activities are provided separately by another body, we will seek assurance that the provider concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed) though aspects of this policy may not apply. Where this is the case, we will ensure that there are arrangements in place for the provider to liaise with the school on these matters where appropriate as outlined in keeping children safe in out-of-school settings guidance 2023. [Keeping children safe in out-of-school settings guidance](#).

We will apply this approach regardless of whether or not there are children who attend any of these services whether or not the children are on our school roll or of a statutory school age. We will ensure that safeguarding requirements are included in any transfer of control agreement (i.e., lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this will lead to termination of the agreement.

Where we receive an allegation relating to an incident that happened when an individual or organisation was using our school premises running activities for children, we will follow our safeguarding policies and procedures, including informing the LADO where appropriate.

32. Policy References

This policy draws on the following legislation and guidance:

- The Education Act 2002 (sections [157](#) / [175](#))
- [Section 157](#) of the Education Act 2002 and [Education \(Independent School Standards\) Regulations 2014](#) applies to the proprietors of independent schools, including academies and city technology colleges
- [Sections 175](#) of the Education Act 2002 and [Education \(Independent School Standards\) Regulations 2014](#) applies to local education authorities and the governors of maintained schools and Further Education Colleges
- [North Yorkshire Safeguarding Children Partnership \(NYSCP\) Safeguarding Procedures and Practice Guidance](#)
- [Working Together to Safeguard Children HM Government 2023](#)
- [Keeping Children Safe in Education \(KCSIE\) DfE 2025](#)
- School's duty under the Children Act 2004, to co-operate with other organisations and agencies.
- [What To Do If You Are Worried a Child is Being Abused 2015](#)
- Recommendations from national and local Serious Case Reviews
- Statutory Framework for the Early Years Foundation Stage
- Sections [26](#) & [29](#) of the Counter Terrorism Act 2015
- Sections [1](#) and [5B](#) of the Female Genital Mutilation Act 2003 & Section [70](#) of the Serious Crime Act 2015
- Section [3](#) of the Domestic Abuse Act 2021
- [School suspensions and permanent exclusions - GOV.UK](#)
- [SEND Code of Practice](#)

North Yorkshire Local Safeguarding Procedures

a. *What staff must do if they are concerned about a child*

All staff and volunteers working within North Yorkshire schools should follow the [NYSCP Child Protection Procedures and Practice Guidance](#) which is consistent with [Keeping Children Safe in Education](#); [Working Together to Safeguard Children](#) 2023 and [What To Do If You Are Worried A Child is Being Abused](#) 2015.

For guidance regarding how to make a referral to the Children and Families Service in North Yorkshire please visit: [NYSCP \(safeguardingchildren.co.uk\)](http://www.nyscp.org.uk/safeguardingchildren.co.uk)

Staff must immediately report:

- Any suspicion that a child is injured, marked, or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play;
- Any explanation given which appears inconsistent or suspicious;
- Any behaviours which give rise to suspicions that a child may have suffered harm (e.g., significant changes in behaviour, worrying drawings or play);
- Any concerns that a child may be suffering from inadequate care, ill treatment, or emotional maltreatment;
- Any concerns that a child is presenting signs or symptoms of abuse, neglect or exploitation;
- Any significant changes in a child's presentation, including non-attendance;

- Any hint or disclosure of abuse, neglect or exploitation received from the child, or from any other person, including disclosures of abuse, neglect or exploitation perpetrated by adults outside of the family or by other children or young people;
- Any concerns regarding person(s) who may pose a risk to children (e.g., staff in school or person living in a household with children present) including inappropriate behaviour e.g., inappropriate sexual comments; excessive one-to-one attention beyond the requirements of their usual role and responsibilities; or inappropriate sharing of images;
- Any concerns related to exploitation and serious crime, including knife crime;
- Any concerns relating to child-on-child abuse;
- Any concerns relating to youth produced sexual imagery (sexting); and
- Any concerns relating to a child's engagement with extremist groups or ideologies.

Responding to a Disclosure

All staff must maintain an attitude of 'it could happen here' and must always act in the best interests of the child.

Disclosures or information may be received from pupils, parents, or other members of the public. Such information cannot remain confidential, and staff will immediately communicate what they have been told to the DSL and make a contemporaneous record. If in doubt about recording requirements, staff should discuss this with the DSL.

Principles

Staff must **not** investigate but will, wherever possible, elicit enough information to pass on to the DSL in order that they can make an informed decision of what to do next.

Staff should:

- Stay calm.
- Listen to and take seriously any disclosure or information.
- Try not to show signs of shock or disbelief.
- Do not express feelings or judgements.
- Allow the child to talk freely and avoid asking leading questions (TED questions are advised – tell me, explain and describe).
- Reassure the child and explain that they have done the right thing in telling you.
- Never promise confidentiality, you have a duty to refer.
- Explain to the child, what you have to do next and who you have to contact.
- Record the information / disclosure immediately in the child's 'own words.'
- Record the facts and do not put your own judgement within the record. Always record who was present, date, time, the questions you asked and what the child has said in their own words.
- Report the incident to the DSL.
- Do not disclose this information to anyone else unless told to do so by a relevant authority involved in the safeguarding process.

If you discover that Female Genital Mutilation (FGM) has taken place, or a pupil is at risk of FGM.

If a member of staff suspects a child is at risk of, has already undergone, or receives a disclosure about FGM, they must be careful to respond in an appropriate and sensitive manner. The member of staff should discuss it with the school's DSL and follow the school's policy and procedures. Efforts should be made to establish the full facts from the child before any action is taken.

School staff should not attempt to investigate the case themselves or attempt to speak to the child's parents, as this may place the child at an increased risk of harm.

Female Genital Mutilation (FGM) - Statutory duty to report under section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions.

In these circumstances, the DSL will support the teacher to report the matter to the Police. The DSL will complete the referral to MAST.

b. Referrals

Schools should ensure that all staff are familiar with the process for making referrals to the local authority, in line with KCSIE 2025 and Working Together to Safeguard Children 2023. Where there are safeguarding concerns related to a child resident in a boarding school, please follow the same NYSCP referrals guidance below.

Actions by the DSL

The following actions must be taken where there are concerns about significant harm to any child, including where there is already an open case to Children's Social Care, (e.g., Looked after Child).

Following any information which raises a concern, the DSL will follow local procedures. (See below)

Worried about a child	Who to contact
Where there are significant, immediate concerns about the safety of a child.	Contact the Police on 999 Refer to the guidance, 'When to call the Police' here
If you believe the situation is urgent but does not require the Police. E.g. • Has suffered significant harm and /or; • Is likely to suffer significant harm.	Contact the Multi-Agency Screening Team (MAST) on 0300 131 2 131
If your call is out of business hours (Mon-Fri 9am to 5pm)	Contact the Emergency Duty Team on 0300 131 2 131

If you need to report a crime that does not need an emergency response.	You should call North Yorkshire Police on 101
Following the telephone call to 0300 131 2 131, a universal referral form must be completed and submitted within 24 hours of your call.	Send form to social.care@northyorks.gov.uk Link to universal referral form here
You do not need to make a telephone contact prior to submitting a written referral, should the situation not be urgent e.g. The child has developmental and welfare needs, which are likely only to be met through provision of family support services (with agreement of the child's parent).	Send form to social.care@northyorks.gov.uk Link to universal referral form here
MAST / Professional Consultation Line The consultation line should be used when you have concerns about a child's safeguarding situation, and you are unsure of how to proceed with the next steps. The concerns should be of a higher threshold than of what can be supported by Early Help.	When contacting the North Yorkshire Multi-Agency Screening Team (MAST) for a consultation, you will be put through to a qualified social worker where your query will be discussed, with the child's details remaining anonymous. Professional's Consultation Line number is available between 10am and 4pm on 01609 535070
Early Help – Should you wish to speak with your local NYC Children & Families Service: Early Help, in relation to a child, young person or family who may require Early Help	Contact: Early Help East (Scarborough, Whitby, Ryedale): 01609 534852 Early Help West (Harrogate, Craven, Knaresborough, Ripon): 01609 534842 Early Help Central (Hambleton, Richmondshire, Selby): 01609 534829 For further information and resources on Early Help in North Yorkshire, visit the dedicated page Early Help Link to Early Help Information and Early Help Assessment form here Link to the Framework for decision-making: Right help, at the right time by the right person here
CAMHS Crisis Service Where there are urgent concerns regarding a child or young person's mental health, please call CAMHS Crisis Service in the appropriate locality.	Northallerton, Hambleton and Richmondshire: TEWV All age Line: - 0800 0516171 (Option 2, then option 3) 7 days a week, 24 hours

	Harrogate, Knaresborough and Ripon: TEWV All age Line: - 0800 0516171 (Option 2, the option 1) 7 days a week, 24 hours York and Selby: TEWV All age Line: - 0800 0516171 (Option 2 then option 2) 7 days a week, 24 hours. Scarborough, Whitby & Ryedale: TEWV All age Line: - 0800 0516171 (Option 2 then option 4) 7 days a week, 24 hours. Craven: BDCT First response 0800 952 1181 7 days a week, 24 hours
Healthy Child Service for children 0-6 years old Anyone who is expecting a child or who has a child up to the age of 6 will have a named Health Visitor.	Parents and carers can contact their local 0-6 Healthy Child Service (Health Visiting Team) directly for information by calling 03003 030 916. Professionals can also contact the service by calling 03003 030 916.
Healthy Child Service for children and young people 6-19 years old The healthy child programme for older children, is aimed at those children who: • need safeguarding support • need support for emotional wellbeing and resilience and alongside other local services, in reducing risk taking in young people • are in care	Parents, carers and young people themselves can access the Emotional Wellbeing and Resilience Service for support and information by calling 03003 030 916. For more information about the Healthy Child Service visit: www.northyorks.gov.uk/healthy-child-service

To make a written referral, a universal referral form must be completed. You must ensure that all relevant information, including parental consent or clear reasons why this has not been obtained, is provided to ensure that the referral can be progressed as effectively as possible. You will receive acknowledgement of your contact being received. Should you not receive this, please follow up to ensure your information has been received.

Consent

It is good practice that agencies work in partnership with parents and carers, and they are informed of your concerns with consent obtained for referrals. Consent is

always required for referrals to services such as the Early Help Service, without it, the services available to the family may be limited.

Consent is not required should you believe informing the parents or carers would place a child at significant risk of harm.

Where consent has not been obtained and professionals feel that after speaking with their safeguarding lead, that a referral is still warranted, professionals should submit a referral detailing their actions and inform parents and carers of their actions.

Action following a child protection referral

It is the responsibility of all staff to safeguard children. It is the role of the DSL to attend multi-agency meetings and provide reports for these. Other staff in school, however, may be asked to contribute.

The DSL should:

- Make regular contact with Children's Social Care.
- Contribute to the Strategy Discussion and all assessments.
- Provide a report for, attend and contribute to any subsequent Child Protection Conferences.
- Contribute to the Child Protection Plan and attend Core Group Meetings and Review Child Protection Conferences.
- Where possible, share all reports with parents prior to the meetings.
- Where there is a disagreement with a decision made e.g. not to apply Child Protection Procedures or not to convene a Child Protection Conference, information can be found [here](#).
- Where there are significant safeguarding concerns in respect of a child subject to a Child Protection Plan, or the child moves/goes absent from/is removed from school or fails to attend school, the DSL must **immediately** inform the key worker or their manager in Children's Social Care.

Recording and Monitoring

The importance of accurate record keeping cannot be overstated and is frequently highlighted as an area for improvement in both national and local Child Safeguarding Practice Reviews.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing using the school's agreed processes. Records should include:

- A clear and comprehensive summary of the concern completed in a timely manner.
- Details of how the concern was followed up and resolved.

The DSL should review all monitoring arrangements in the timescale and manner determined by circumstances and ensure that this is recorded and clearly understood by all concerned.

Professional Resolutions

Professional disagreements may arise between any agencies and resolving problems is an integral part of co-operation and joint working to safeguard children. As part of the shared responsibility for safeguarding children, all partners must be prepared to challenge each other if they feel that responses to concerns, assessments, or the way in which plans are implemented are not safeguarding the child and promoting their welfare.

Local professional resolution procedures for raising concerns in respect of poor practice are outlined [here](#).

c. Allegations Made Against Staff, Volunteers and Contractors, Including Supply Teachers

Staff identifying a concern should follow the school's own procedures. Schools should then follow the guidance in Part 4 of KCSIE 2025.

Where local procedures are referenced in KCSIE, the following applies in all North Yorkshire Council (NYC) Schools:

Immediate response

The person to whom an allegation or concern is first reported, should treat the matter seriously and keep an open mind. Please refer to KCSIE. They should not:

- Investigate or ask leading questions.
- Make assumptions or offer alternative explanations.
- Promise confidentiality.

Allegations involving an immediate risk to a child or a safeguarding concern that requires an urgent response, should be reported immediately to the police by calling 999 (emergency) or 101 (non-emergency).

In all other cases (not reported directly to the police) the action should follow the school's procedures, which should include the following:

- Making a written record of the information (where possible in the child / adult's own words), including the time, date and place of incident/s, persons present and what was said.
- Signing and dating the written record.
- Secure any relevant CCTV.

All allegations about staff, volunteers and/or contractors should be reported without delay to the headteacher. Where there is a conflict of interest in reporting the matter to the headteacher, this should be reported directly to the local authority designated officer(s) (LADO).

Where the headteacher is the subject of an allegation, the report should be made directly to the chair of governors. In the event of a concern/allegation about the headteacher, where the headteacher is also the sole proprietor of an independent school, or a situation where there is a conflict of interest in reporting the matter to the headteacher, this should be reported directly to the local authority designated officer(s) (LADO).

The headteacher / chair of governors should review the information and:

- Identify whether it meets the harm /risk of harm threshold (above) and is therefore an allegation. If so, they should follow the NYSCP procedures and make a referral to the NYC LADO.
- If the headteacher/chair of governors is unclear whether it meets the harm / risk of harm threshold, they should seek advice from the Duty LADO.

Schools are reminded that the LADO should be contacted within **one working day** when concerns have been raised, that meet or may meet the allegation definition or threshold outlined above.

The NYC 'Managing Allegations Against Those Who Work or Volunteer with Children' procedures can be found [here](#).

Any incident not meeting the above definition of an allegation, should be managed via the school's own low level concerns process.

Procedures and notifications

Notifications to the LADO can be made using the notification form [here](#). NYC LADO will be able to support case managers to lead any investigations that meet the threshold.

Where a child may have suffered significant harm, the school will also need to submit a referral to Children's Social Care using the universal referral form.

Low Level Concerns

North Yorkshire Schools should have their own policies and processes to deal with low level concerns and should make sure that all staff understand how to raise concerns.

Early Year's Providers

Additionally, any Early Years' provider must inform Ofsted in line with the requirements of the EYFS Statutory Framework Section 3 (para 3.7-3.8 for group and school-based providers and para 3.8-3.9 for childminders). See Early Year's section for more details.

Whistleblowing Procedures

Local procedures for whistleblowing can be found [here](#).

The NSPCC whistleblowing advice line is available [here](#) for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 from 8am to 8pm, Monday to Friday or via email help@nspcc.org.uk

d. Alternative Provision

Schools should follow KCSIE 2025 para 168-171 and 331 and when any pupils within their school attends **any** Alternative Provision, schools should also work to the local protocol which can be found [here](#). Schools are reminded that it is their responsibility to quality assure this provision and ensure the safeguarding arrangements are in place for any pupil they place there, including attendance monitoring and follow up of any absence, and retain the duty of care as well as ensuring that the provision meet the pupil's needs.

Further information on the NYC local procedures in place when pupils attend Alternative Provision, including the safeguarding responsibilities can be found [here](#).

e. Adults Who Supervise Children on Work Experience

Schools should follow KCSIE 2025 para 332-337 when any pupil within their school undertakes **any** work experience.

Support for checking host families for educational visits and work experience providers is provided for schools that purchase support via Evolve [here](#) (log-in required).

f. Bullying, including online experiences

Schools should follow KCSIE 2025 which requires them to have a behaviour policy (which should include measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying) in place.

Specific guidance on challenging victim blaming language produced via the UK council for internet safety can be found via the NYSCP website [here](#).

g. Child Abuse Linked to Faith or Belief Including So Called Honour Based Violence (HBV), Female Genital Mutilation (FGM) Forced Marriage and Witchcraft

Schools should follow KCSIE 2025 guidance in Part 1 (para. 42) and Annex B.

Local guidance is also available from the NYSCP [here](#). Further specific guidance for [Forced Marriage](#), [FGM](#) (including the local procedure for managing this) and ['Honour' Based Abuse](#) is also available.

Forced Marriage Online training can be found on the NYSCP e-learning page [here](#). FGM Online training can be found [here](#)

h. Child on Child Abuse, Including Child-on-Child Sexual Violence, Sexual Harassment and Harmful Sexual Behaviour (HSB)

Schools should ensure that all staff are familiar with guidance on child-on-child abuse from KCSIE 2025 Part 1, (para 156-157) as well as the statutory guidance in relation to child-on-child sexual violence and sexual harassment contained within KCSIE 2025 Part five and within Annex B.

NYSCP recommends that all staff are asked to read KCSIE Part 5.

Local guidance on Children and Young people who display sexually harmful behaviours can be found on the NYSCP website [here](#).

i. Child Sexual Exploitation (CSE), Child Criminal Exploitation (CCE) including County Lines and Modern Slavery

Information about definitions and indicators for schools is provided in KCSIE 2025 Part 1 and Annex B.

Local NYSCP procedures for managing CSE can be found [here](#).

Local NYSCP procedures and guidance for managing CCE and County lines can be found [here](#).

Local NYSCP procedures for managing Children from Abroad, including Victims of Modern Slavery, Trafficking and Exploitation can be found [here](#). The NY Police modern day slavery and human trafficking toolkit can be found [here](#).

MACE (Multi-Agency Child Exploitation)

Within North Yorkshire, the identification, risk assessment, risk management, investigation and recovery with regards to all forms of Child Exploitation and Contextual Safeguarding are covered by our Multi-Agency Child Exploitation (MACE) and Contextual Safeguarding arrangements. MACE is an umbrella term for the following vulnerabilities: Child Criminal Exploitation (including County Lines), Child Sexual Exploitation, Missing from Home, Modern Slavery and Human Trafficking, Online Child Exploitation, Harmful Sexual Behaviour and Wider Contextual Safeguarding.

The Level 1 MACE arrangements encompass the risk identification, risk assessment and risk management of children and young people who may be at risk of exploitation. The Level 2 MACE arrangements relate to the multi-agency information sharing and problem solving of hotspots/locations, persons who may pose a risk of exploitation and themes for more information see [here](#).

MACE Level 2 meetings should be regularly attended by DSLs for schools, for more information about those meetings please email MACE@northyorks.gov.uk. The NYSCP MACE Practice guidance can be found on the NYSCP website [here](#).

Child Criminal Exploitation and County Lines e-learning training can be found on the NYSCP e-learning page [here](#).

Schools can refer to [Preventing Child Sexual Exploitation | The Children's Society](#) for support.

j. Cybercrime

A definition of cybercrime and further supporting resources can be found in KCSIE 2025 within Annex B.

There are no additional NYC local procedures in place, though schools should be aware that cybercrime may be linked to CCE and follow local procedures in these instances.

NYSCP training linked to cybercrime can be found [here](#).
National Cyber Security Centre Training found [here](#)

k. Domestic Abuse

Information about domestic abuse can be found in KCSIE 2025 Part 1 and Annex B

Local guidance and information, including information about the Domestic Abuse Local Partnership Board is also available on the NYSCP website [here](#).

Schools may also find the guidance on [Stronger Relationships](#) and [Substance Misuse in Parents and Carers](#) on the NYSCP Website.

Domestic abuse online training can be found on the NYSCP e-learning page [here](#).

l. Early Years (provision for Children 0-5 years)

Schools should follow the appropriate [Statutory framework for the early years foundation stage](#) for their setting. Para 3.5 of the framework for groups and schools, clarifies that schools are not required to have separate policies to cover EYFS requirements, provided the requirements are already met through an existing policy, but schools are reminded that they should check their existing policies to ensure that all of Section 3 of the EYFS framework is covered.

Providers may also find the government guidance [Safeguarding children and protecting professionals in early years settings: online safety considerations](#) helpful.

If schools are adapting and adopting this NYC template Child Protection and Safeguarding Policy, the following sections from the group and school-based providers EYFS framework is incorporated within the template:

- Promoting good health
- Supporting and understanding behaviour
- Maintaining records, policies, and procedures
- Concerns about children's safety and welfare
- Safeguarding training
- Training and skills
- Before/after school care and holiday provision
- Supporting and understanding children's behaviour.

m. Elective Home Education (EHE)

Schools should follow the North Yorkshire guidance for EHE [Elective Home Education](#) and ensure that they understand their [responsibilities](#), particularly with regard to safeguarding. This page includes links to [guidance](#) for parents which should be used to support parents who are considering EHE for their children.

n. Flexi-schooling and Part-time Timetables

Any consideration of flexi-schooling or a part-time timetable should have due regard to the safeguarding implications. Schools should follow the North Yorkshire protocols for [part-time timetables](#) and [flexi-schooling](#) guidance.

o. Looked after Children, including previously looked after children

Safeguarding information for looked after children and previously looked after children can be found in KCSIE 2025 para. 189-191.

Local guidance and information, including the out of area protocol for looked after children and contact details for our Virtual School headteacher is also available on the NYSCP website [here](#).

p. Kinship Care and Private Fostering

Kinship care is any situation in which a child is being raised in the care of a friend or family member who is not their parent. The arrangement may be temporary or longer term. For further information on all types of kinship care arrangements refer to Working Together to Safeguard Children 2023, page 158 – 159.

For more information on Kinship Care link [here](#).

Private fostering - A private fostering arrangement is someone who is not a close relative of the child, who looks after the child for 28 days or more.

Where these arrangements come to the attention of the school or college (and the school or college is not involved in the arrangements), they should then notify the local authority to allow the local authority to check that the arrangements are suitable and safe for the child.

Notifications should be made initially to MAST 0300 131 2 131, followed by written confirmation completed on a Universal Referral Form.

NYSCP Private Fostering Practice Guidance [here](#)

q. Mental Health - Self-Harm and Suicidal Ideation

Schools should be familiar with the reference made to self-harm or suicide within KCSIE 2025 (para. 46 within the serious violence section, para. 135 – online content, Annex B – within Serious Violence section).

Locally, NYSCP have a Self-Harm and Suicidal Ideation Pathway, this has been developed for staff working with children and young people in North Yorkshire under the age of 18 (under 25 for those with disabilities or for care leavers) who self-harm or feel suicidal. It is not aimed at people who work within the mental health sector; instead, it is targeted at people who work with children/young people in a wide range of settings, including as schools.

The guidance sets out key principles and ways of working but does not prescribe how to act in individual situations. It is not intended to override individual organisational or professional guidelines where they exist. It can however be used as a prompt for discussions about organisational approaches to working with self-harm and suicidal intent, or to highlight individuals' skills or training needs.

The NYSCP Self-Harm and Suicidal Ideation Pathway can be found [here](#).
National mental health lead training can be found [here](#).

r. Neglect

Information about neglect can be found in KCSIE 2025. References to neglect are made throughout KCSIE as it is an underlying issue in many child protection concerns.

Local guidance and information, including our local processes for neglect referrals, is also available on the NYSCP website [here](#).

s. Online Safety

Information about online safety can be found in KCSIE 2025. Staff should be familiar

with the references within Part 1 and Annex B. Additionally, governors should be familiar with their requirements to have oversight of online safety, including filtering and monitoring as set out in Part 2 of KCSIE 2025.

Other guidance - [AI CSAM Guides for Professionals | IWF & NCA](#), [CEOP Education Understanding and Responding to AI-Generated Child Sexual Abuse Material](#)

t. Partnership with Parents and Carers and with Other Agencies

NYSCP has adopted the Strength in Relationships practice model to provide an evidence-based framework by which all practitioners across North Yorkshire can operate. Central to the approach is the understanding that practitioners will work with children and their families in a solution focused way that builds on a family's strengths and places children at the heart of any assessments or plans. Schools should commit to working with parents, carers, and other agencies positively, openly, and honestly, in line with KCSIE 2025 and the NYSCP practice model found [here](#).

Locally, schools should work use the [Threshold guidance \(Framework for decision-making: Right help, at the right time by the right person\)](#) to support them with creating effective partnerships and following local procedures for working with families.

Schools may also find the guidance on [Stronger Relationships](#) and [Substance Misuse in Parents and Carers](#) on the NYSCP website helpful.

u. Preventing Radicalisation, Prevent duty, Extremism and Channel

Information to support schools with definitions and guidance to preventing radicalisation, The Prevent duty and Channel can be found in KCSIE 2025 within Annex B.

Local information and guidance for Prevent and the Channel process is available via North Yorkshire Partnership [here](#) and on the NYSCP website [here](#).

[Local processes are outlined below:](#)

Referrals:

- An appropriate internal Prevent risk assessment and referral process is in place.
- All staff including the Prevent lead/ DSL follows the NYSCP procedures.
- Partner agency communication channels are in place.
- An audit trail for notification reports/referrals exists.
- Prevent referrals/notifications are managed or overseen by The Prevent lead.
- A process is in place to identify and develop 'lessons learnt.'

Protect and Prepare:

As part of the UK Counter Terrorism Strategy (CONTEST), public places are asked to consider the risk of a terrorist attack and what preparations could be made to mitigate that risk.

In addition, schools should assess their site security and have emergency and simple response plans in line with the DfE non-statutory guidance [Protective security and preparedness for education settings](#). Incidents in schools are rare, but schools should develop simple procedures to further improve security awareness and preparedness. These should deter terrorists and other security threats and help keep pupils, staff and visitors safe in the event of an incident.

Schools should be aware of The Terrorism (Protection of Premises) Act 2025, also known as Martyn's Law, which received Royal Assent on Thursday 3 April 2025. [Martyn's Law Factsheet – Home Office in the media](#)

The North Yorkshire Schools' Emergency Procedures guidance, requires schools to:

- Ensure all staff undertake the [Action Counters Terrorism \(ACT\) Awareness Training](#)
- Assess the security of the school site and make necessary improvements.
- Develop lockdown, invacuation, evacuation, bomb threat and run hide and tell procedures [Run, hide, tell guidance](#).

The guidance can be accessed by logging into [Emergencies and Health & Safety on CYPInfo](#).

Action Counter Terrorism (ACT) Awareness training can be found on the NYSCP e-learning page [here](#).

v. Professional Curiosity

School staff in North Yorkshire schools are encouraged to work in professionally curious ways at all times to ensure they have a thorough understanding of children's lived experiences to help keep children safe. Local guidance and information, including best practice procedures and clarification on what professional curiosity can look like is available on the NYSCP website [here](#).

w. Pupil Information sharing

Schools should follow KCSIE 2025 for guidance on information sharing. Further local guidance on information sharing is also available on the NYSCP website [here](#).

x. Related School Safeguarding Policies

For guidance on the range of national statutory and recommended policies as well as NYC exemplars (where available) can be found via [here](#). This document has been produced to support headteachers and governing bodies to ensure that they understand all the potential school policies that must or could be in place.

Links to any sample templates as well as national guidance and the recommended review cycles have been included. Further details of how to use the spreadsheet are included within the notes tab of the spreadsheet. This overview was last written in October 2024 and will be reviewed and shared with schools via the red bag in the 2025-26 academic year.

y. Safer Recruitment and Selection

Schools undertaking recruitment should familiarise themselves with the guidance in KCSIE 2025 Part 3.

Locally, schools who buy into NYHR services should follow [NYHR Schools' Recruitment procedures and guidance](#) (login required). For other schools the guidance on the NYSCP website available may be useful [NYSCP \(safeguardingchildren.co.uk\)](https://www.nyhr.co.uk/safeguardingchildren.co.uk).

Safer recruitment training is available through [NYES Human Resources \(HR\) | NYES Info](#) and via [NSPCC on line and face to face training](#)

z. Safeguarding Curriculum

Schools should refer to statutory guidance for the teaching of the safeguarding curriculum. Relevant guidance can be found using the following links:

- [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/relationships-and-sex-education-rse-and-health-education)
- [National curriculum in England: computing programmes of study - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/national-curriculum-in-england-computing-programmes-of-study)
- [Keeping children safe in education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/keeping-children-safe-in-education) (Part 2 – Opportunities to Teach Safeguarding para. 128-133)

Local support, guidance and resources are available through the North Yorkshire PSHE and Citizenship Planning and Assessment toolkit, which contains the PSHE and Citizenship curriculum entitlement framework for key stages 1-4, along with suggested resources specifically to support the safeguarding aspects of the curriculum by year group. It is available along with further supporting resources via the [North Yorkshire Healthy Schools Website](#). Schools are also encouraged to partake in the biennial Growing Up in North Yorkshire (GUNY) survey as this will help them to identify

additional contextual safeguarding concerns for their pupils that schools will want to address through their safeguarding curriculum.

Finally, schools may find the [NSPCC teaching resources and lesson plans](#) helpful.

aa. School/college arranged homestay – suitability of adults in UK and abroad host families

Schools should follow KCSIE 2025 para 338 and Annex D when any pupil within their school undertakes **any** school or college arranged homestay.

Support for checking host families for educational visits and work experience providers is provided for schools that purchase support via Evolve [here](#) (log-in required).

bb. Staff Training, including Induction

Schools should be familiar with the reference made to staff training in KCSIE 2025 para. 123-127.

School Staff

In North Yorkshire we recommend that all staff are asked to read Part One, Part Five and Annex B of KCSIE and school should routinely check that staff understand the content within this. This should also be provided to all staff on induction.

Schools will want to use a proportionate and risk-based approach to the level of information that is provided to temporary staff, volunteers, and contractors.

North Yorkshire offers a range of safeguarding training for schools which can be found via the NYSCP site [here](#). Much of the training is free to access for all schools.

New to DSL / DDSL Training

The 'Early Help and Child Protection referrals' and 'Signs of Safety Conferencing Pathway' are NYC courses for DSLs who are new to role. This and other courses are available [here](#) or through the NYSCP Website.

DSL / DDSL Refresher Training

If you are a DSL / DDSL, you will need to refresh your training every two years, by choosing from the list of contextual safeguarding courses to suit the needs of your setting. Training available [here](#) (type DSL into the search bar for available courses).

School Governors

In addition to undertaking safeguarding and child protection training, governors should also undertake training to ensure they are familiar with their responsibilities for the management of safeguarding as detailed in Part two of KCSIE 2025. This training

should be regularly updated.

In NYC, this training can be provided by the governance service and available through [NYES](#) (type governor into the search bar for available courses).

cc. Transferring records – child abuse records

Where an organisation has identified that it holds records that are known to relate to allegations or cases of child sexual abuse, our recommendation is that materials are retained in line with 'Recommendation 17: Access to records' of [IICSA Independent Inquiry into Child Sexual Abuse](#). Material should be retained for 75 years with review periods as appropriate. This reflects the requirement to retain records relating to looked after children and care homes until the individual's 75th birthday. Those relating to adoption are kept for 100 years.

dd. NYSCP Further Information

Safeguarding Practice Review Group (SPRG)

Sadly and despite practitioners best efforts children can still come to harm. The NYSCP has robust procedures in place for when a child is significantly harmed as a result of abuse, neglect or exploitation.

In accordance with the Children and Social Work Act 2017 the SPRG is the arrangement by which Local Safeguarding partners will;

- (a) Identify serious safeguarding cases which raise issues of importance in relation to the area and;*
- (b) For those cases to be reviewed under the supervision of the safeguarding partners, where they consider it appropriate to identify any improvements that should be made by persons in the area to safeguard and promote the welfare of children (CSW Act 2017).*

The Child Safeguarding Practice Review Group (SPRG) carry out Rapid Reviews on cases where the local authority has made a Serious Incident Notification (SIN) to the National Child Safeguarding Practice Review Panel (CSPRP) and the Department of Education that a child has died or been seriously harmed and abused, neglect or exploitation is suspected, and the Panel has recommended that a Rapid Review should be carried out. For further information about this process please see [here](#).

The Child Death Overview Panel

When a child dies in North Yorkshire it is important for practitioners to come together to understand the nature and circumstances of that child's death in the hopes that further deaths of children may be prevented.

If a child dies unexpectedly, a Joint Agency Response Meeting will be held within 72 hours of the child's death. This meeting is chaired by the NYSCP Manager and is coordinated by the Child Death Review Officer. For further information please see [here](#).

If a child's death is expected, (for example if they have had a chronic/long term illness) a Joint Agency Response Meeting is not convened, however, the circumstances and nature of the child's death will be reviewed in the Child Death Overview Panel chaired by Public Health. For further information on this process please see [here](#).
