

Long Term Plan

Junior Jam Music at OJS

Expressing ourselves using instruments, singing, rhythms and melodies

Vision

Vision for Music

At Oatlands Junior School, the high-quality Music Curriculum aims to engage and inspire pupils to develop a love of music and their talent as musicians, and so increase their self-confidence, creativity and sense of achievement. As pupils progress, they will develop a critical engagement with music, allowing them to compose, and to listen with discrimination to the best in the musical canon.

OJS Curriculum Threads

Our curriculum vision is based upon our knowledge of our pupils and community. Our three curriculum threads are:

- Promote Equality and Diversity
- Provoke Curiosity
- Embed Safe Behaviours

These threads are woven through each subject, alongside individual subject pedagogy, to ensure our learners benefit from a purposeful curriculum.

Fundamental British Values

- Democracy
- Rule of Law
- Individual Liberty
- Respect and Tolerance

The Music curriculum is inclusive and promotes respect, tolerance and appreciation of equality and diversity through their pedagogical approaches (see Curriculum Handbook). Children are taught about a range of composers and artists from different walks of life along with music and traditions from across the world, developing lively, enquiring minds. Links to Spiritual, Moral, Social and Cultural & FBV are made in Year Group OJS Passports and the wider curriculum offer in Music.

National Curriculum Aims

The national curriculum for Music aims to ensure that all pupils:

- perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians.
- learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence.

● understand and explore how music is created, produced and communicated, including through the interrelated dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

Planning and Resources

At OJS, a specialist music teacher from JuniorJam delivers learning to pupils using electric drums, ukuleles, glockenspiels and keyboards. Each half-term focuses on a new instrument to deliver the key learning specified in the National Curriculum. Children are given opportunities to listen, appraise and perform music from across 6 diverse genres over the past 400 years.

Wider Offer

Music is a key part of our school ethos at OJS. Outside of the pupils' timetabled music lessons each week, we have a wide range of additional opportunities: individual Encore instrumental lessons, music afterschool clubs, choir, upper and lower school singing assemblies once a week and whole-class violin lessons in Year 3. The musical talent of our pupils is something we keenly celebrate, encouraging pupils to perform to their class, school and wider community in school assemblies, especially during key celebrations across the year, including Christmas. We also encourage our musicians to take part in wider opportunities in our local area, including the Harrogate Competitive Festival for Music.

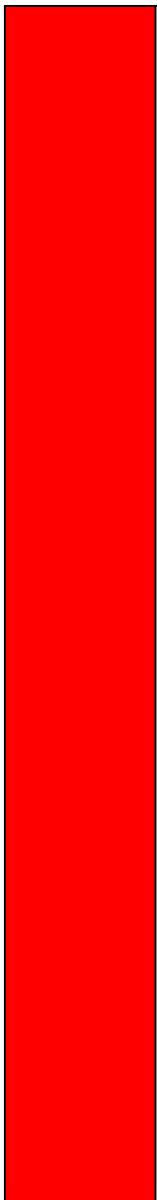

Pupil Voice Groups

A new Arts Committee is formed each year, whereby pupils which are passionate about the arts can apply to become a member. This dedicated team of pupils support in communicating the musical and artistic talent in their classrooms to our teaching staff and help in promoting the wider opportunities that are available in school and across our local area. This committee, as well as the School Council and our House Captains, gather pupil feedback about music when monitoring and evaluating our music curriculum offer.
